The following ordinance, having been previously introduced on August 13, 2026 and a public hearing held thereon on this date, was offered for final adoption by Councilman _____ and seconded by Councilman _____:

ORDINANCE #2026-10

An ordinance authorizing the issuance of not exceeding Twenty Million (\$20,000,000) of Taxable Sales Tax Bonds (DEQ) of the City of Scott, State of Louisiana, and providing for other matters in connection therewith.

WHEREAS, the United States of America, pursuant to the Clean Water Act of 1972, as amended by the Water Quality Act of 1987, specifically Subchapter VI, Chapter 26 of Title 33 of the United States Code (the "**Federal Act**"), is authorized to make capitalization grants to states to be used for the purpose of establishing a water pollution control revolving fund for providing assistance (i) for construction of treatment works (as defined in Section 1292 of the Federal Act) which are publicly owned, (ii) for implementing a management program under Section 1329 of the Federal Act and (iii) for developing and implementing a conservation and management plan under Section 1330 of the Federal Act; and

WHEREAS, the State of Louisiana (the "**State**"), pursuant to Subtitle II, Chapter 14 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, specifically La. R.S. 30:2301, et seq.) (the "**State Act**"), has established a Clean Water State Revolving Fund (the "**State Revolving Fund**") in the custody of the Department of Environmental Quality (the "**Department**") to be used for the purpose of providing financial assistance for the improvement of wastewater treatment facilities in the State, as more fully described in Section 2302 of the State Act, and has authorized the Department to administer the State Revolving Fund in accordance with applicable federal and state law; and

WHEREAS, the City of Scott, State of Louisiana (the "**City**") has made application to the Department for a loan from the State Revolving Fund to finance a portion of the costs of the Project and the Department has approved the City's application for such loan; and

WHEREAS, the City now levies and collects a special one percent (1%) sales and use tax (the "**Tax**"), pursuant to an election held in the City on October 14, 2023 (the "**Election**"), at which Election the following proposition was approved by a majority of the qualified electors voting in such election:

PROPOSITION (SALES TAX)

Shall the City of Scott, State of Louisiana (the "**City**"), be authorized to levy and collect a tax of 1% (the "**Tax**") (an estimated \$3,250,000 reasonably expected at this time to be collected from the levy of the Tax for an entire year), in perpetuity, beginning January 1, 2024, in accordance with Louisiana law, with the proceeds of the Tax (after paying the reasonable and necessary expenses of collecting and administering the Tax), to be used for the purpose of constructing, improving, maintaining, and operating the City's sewerage system, including the construction

of a new treatment plant and the acquisition of equipment therefor, and to help pay for improvements to infrastructure such as roads, drainage, and utility services?

WHEREAS, pursuant to the authority of the aforesaid Election, the City approved an ordinance on December 7, 2023, as amended and supplemented (the "**Sales Tax Ordinance**"), providing for the levy and collection of the Tax; and

WHEREAS, in accordance with the provisions of the Sales Tax Ordinance, the net avails or proceeds of the Tax (after provision has been made for the payment therefrom of all reasonable and necessary costs and expenses of collecting and administering the Tax) (the "**Net Revenues of the Tax**") shall be available for appropriation and expenditure by the City for the purposes designated in the proposition authorizing the levy of the Tax, which shall include the payment of bonds authorized to be issued in accordance with Louisiana law; and

WHEREAS, the City now desires to proceed with the issuance of the first emission of \$50,000,000 of bonds that were approved by the State Bond Commission on July 16, 2026, consisting of not exceeding Twenty Million Dollars (\$20,000,000) of Taxable Sales Tax Bonds of the City (the "**Bonds**"), to be payable solely from and secured by an irrevocable pledge and dedication of the Net Revenues of the Tax, all in accordance with Part II of Chapter 4 of Subtitle II of Title 39 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional and statutory authority (the "**Act**"), for the purpose of constructing, acquiring, extending, and improving the sewers and sewage disposal facilities of the City and acquiring equipment therefor, and paying the costs of issuance thereof; and

WHEREAS, other than the Bonds herein authorized, the City has no outstanding bonds or other obligations of any kind or nature payable from or enjoying a lien on the revenues of the Tax herein pledged; and

WHEREAS, it is now desired to fix the details necessary with respect to the issuance of the Bonds, and to provide for the authorization and issuance thereof, as hereinafter provided;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Scott, State of Louisiana (the "**Governing Authority**"), acting as governing authority of the City, hereby ordains that:

SECTION 1. **Definitions**. As used herein, the following terms shall have the following meanings, unless the context otherwise requires:

"Reserve Fund Requirement" means as of any date of calculation, a sum equal to one-half of the maximum principal, interest, and Administrative Fee requirements for any succeeding Bond Year on the Bonds. The reserve fund requirement, if any, for any issue(s) of Additional Parity Bonds shall be defined in the ordinance(s) authorizing the issuance of such Additional Parity Bonds.

"Sales Tax Ordinance" means the ordinance adopted by the Governing Authority on December 7, 2023, as amended and supplemented, providing for the levy and collection of the Tax.

"Tax" means the one per cent (1%) sales and use tax being levied and collected by the City pursuant to the Election and the Sales Tax Ordinance.

SECTION 2. **Authorization of Bonds.** In compliance with and under the authority of the Act, there is hereby authorized the incurring of an indebtedness of not exceeding Twenty Million Dollars (\$20,000,000) for, on behalf of and in the name of the City, for the purpose of constructing, acquiring, extending, and improving sewers and sewage disposal facilities and acquiring equipment therefor, and paying the costs of issuance thereof, and to represent the said indebtedness, the City does hereby authorize the issuance of its *"Taxable Sales Tax Bond (DEQ), Series 2026,"* in an amount not to exceed \$20,000,000. The Bonds are the first emission of \$50,000,000 of bonds that were approved by the State Bond Commission on July 16, 2026. The Bonds shall be initially issued in the form of a single fully registered Bond numbered R-1, shall be dated the Date of Delivery thereof. The Executive Officers may approve a different series designation if the Bond is delivered in a calendar year other than 2026.

The Bonds shall mature in twenty (20) installments of principal, payable annually on each Principal Payment Date as set forth in the Loan Agreement and the Bond.

The unpaid principal of the Bonds shall bear interest from the Date of Delivery, or the most recent Interest Payment Date to which interest has been paid or duly provided for, at the rate of forty-five hundredths percent (0.45%) per annum, said interest to be calculated on the basis of a 360-day year consisting of twelve thirty-day months and payable on each Interest Payment Date. Interest on the Bonds on any Interest Payment Date shall be payable only on the aggregate amount of the purchase price which shall have been paid theretofore to the City and is outstanding and shall accrue with respect to each purchase price installment only from the date of payment of such installment.

In addition to interest at the rate set forth above, at any time that the Department owns the Bonds the City will pay the Administrative Fee to the Department on each Interest Payment Date. In the event (i) the Department owns any Bonds or the Department has pledged or assigned any Bonds in connection with its State Revolving Fund and (ii) the Administrative Fee payable by the City to the Department under the terms of the Loan Agreement is declared illegal or unenforceable by a court or an administrative body of competent jurisdiction, the interest rate borne by the Bonds shall be increased by one-half of one percent (0.50%) per annum, effective as of the date declared to be the date from which the Administrative Fee is no longer owed because of such illegality or unenforceability.

The principal of the Bonds, upon maturity or redemption, shall be payable by check mailed by the Paying Agent to the Owner (determined as of the Record Date) at the address shown on the Bond Register. Each Bond delivered under this Bond Ordinance upon transfer or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond, and each such Bond shall bear interest (as herein set forth) so that neither gain nor loss in interest shall result from such transfer, exchange or substitution. No Bond shall be entitled to any right or benefit under this Bond Ordinance, or be valid or obligatory for any purpose, unless there appears on such Bond a certificate of registration, substantially in the form provided in this Bond Ordinance, executed by the Paying Agent by manual signature.

SECTION 3. **Prepayment of Bonds.** The principal installments of the Bonds are subject to prepayment at the option of the City at any time, in whole or in part, at a prepayment price of par plus accrued interest and accrued Administrative Fee, if any, to the prepayment date and in such case the remaining principal of the Bonds shall continue to mature in installments as set forth in the Loan Agreement and the Bond. Official notice of such call for prepayment shall be given by means of first class mail, postage prepaid by notice deposited in the United States Mail or via accepted means of electronic communication not less than thirty (30) days prior to the prepayment date addressed to the Owner of each Bond to be prepaid at his address as shown on the registration records of the Paying Agent. In the event a portion of the Bonds is to be prepaid, such Bonds shall be surrendered to the Paying Agent, who shall note the date and amount of such prepayment in the space provided therefor on the Bonds.

SECTION 4. **Registration, Transfer and Exchange of Bonds.** The City shall cause the Bond Register to be kept at the principal office of the Paying Agent. The Bonds may be transferred, registered and assigned only on the Bond Register, and such registration shall be at the expense of the City. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instruments of transfer and assignment acceptable to the Paying Agent. A new Bond or Bonds will be delivered by the Paying Agent to the last assignee (the new Owner) in exchange for such transferred and assigned Bonds after receipt of the Bonds to be transferred in proper form. Such new Bond or Bonds shall be in the denomination of \$5,000 or any integral multiple thereof within a single maturity. Neither the City nor the Paying Agent shall be required to issue, register the transfer of, or exchange any Bond during a period beginning at the opening of business on the 15th day of the month next preceding an interest payment date or any date of redemption and ending at the close of business on such interest payment date or date of redemption.

SECTION 5. **Sale and Delivery of Bonds; Execution of Documents.** The Bonds are hereby awarded to and sold to the Department at a price of par under the terms and conditions set forth in the Loan Agreement, and after their execution and authentication by the Paying Agent, the Bonds shall be delivered to the Department or its agents or assigns, upon receipt by the City of the agreed first advance of the purchase price of the Bonds. It is understood that the purchase price of the Bonds will be paid by the Department to the City in installments, and a portion of the principal amount advanced by the Department may be forgiven by the Department, each in the manner and under the terms and conditions set forth in the Loan Agreement.

The Executive Officers are hereby empowered, authorized and directed to do any and all things necessary and incidental to carry out all of the provisions of this Bond Ordinance, to execute

and deliver the Loan Agreement, to cause the necessary Bonds to be printed, to issue, execute and seal the Bonds and to effect delivery thereof as hereinafter provided.

SECTION 6. **Form of Bonds.** The Bonds and the endorsements to appear thereon shall be in substantially in the form attached hereto as **Exhibit A**, with such necessary or appropriate variations, omissions and insertions as are required or permitted by the Act and this Bond Ordinance.

SECTION 7. **Execution of Bonds.** The Bonds shall be signed by the Executive Officers for, on behalf of, in the name of the City.

SECTION 8. **Statutory Lien.** As provided in R.S. 39:504, the Bonds shall be secured debt entitled to the highest possible protection and priority afforded by the bankruptcy laws of the United States and the State of Louisiana, and the Owners shall have a statutory lien on and a security interest in the Net Revenues of the Tax pledged to the payment of the Bonds in this Bond Ordinance, to the fullest extent and in the manner stated in the Act and this Bond Ordinance, and any pledge or grant of a lien or security interest in the Net Revenues of the Tax made by the City in connection with the issuance of the Bonds shall be valid, binding and perfected from the time when the pledge or grant of lien or security interest is made. The Net Revenues of the Tax shall immediately be subject to the lien of such pledge and security interest without any physical delivery therefor or further act and the lien of such pledge and security interest shall be first priority and valid and binding as against all parties having claims of any kind in tort, contract, bankruptcy or otherwise against the City, whether or not such parties have notice thereof. The Owner or Owners of the Bonds shall be secured creditors with respect to the Net Revenues of the Tax. As provided by R.S. 39:504(D), the statutory lien provided in the Act shall also apply to and secure the Administrative Fee.

SECTION 9. **Recital of Regularity.** This Governing Authority having investigated and determined the regularity of the proceedings had in connection with the Bonds and having determined the same to be regular as provided by La. R.S. 39:507, the Bonds shall contain the following recital, to wit:

"It is certified that this indebtedness is authorized by and is issued in conformity with the requirements of the constitution and statutes of this State."

SECTION 10. **Pledge of Net Revenues of the Tax.** The Bonds shall be secured by and payable in principal and interest solely from an irrevocable pledge and dedication of the Net Revenues of the Tax, which are hereby irrevocably and irrepealably pledged and dedicated in an amount sufficient for the payment of the Bonds and any Additional Parity Bonds in principal and interest as they shall respectively become due and payable, and for the other purposes hereinafter set forth in this Bond Ordinance. In compliance with the Sales Tax Ordinance, all of the Net Revenues of the Tax shall be set aside in a separate fund as herein provided and shall be and remain pledged for the security and payment of the Bonds and any Additional Parity Bonds in principal and interest and for all other payments provided for in this Bond Ordinance until the Bonds shall have been fully paid and discharged.

SECTION 11. **Flow of Funds.** In order that the principal of and the interest and Administrative Fee on the Bonds will be paid in accordance with their terms and for the other objects and purposes hereinafter provided, the City covenants that in compliance with the Sales Tax Ordinance, all of the Net Revenues of the Tax shall continue to be deposited daily as the same may be collected in the separate and special bank account maintained with the regularly designated fiscal agent of the City, hereby designated for purposes of the Bonds as the "*2026 Sales Tax Fund*" (the "*Sales Tax Fund*"). The Sales Tax Fund constitutes a dedicated fund of the City, from which appropriations and expenditures by the City shall be made solely for the payment of the Bonds and the purposes designated in the proposition authorizing the levy of the Tax. Out of the funds on deposit in the Sales Tax Fund, the City shall first pay all reasonable and necessary costs and expenses of collecting and administering the Tax. After payment of such expenses, the remaining balance of the proceeds of the Tax shall be used in the following order of priority and for the following express purposes:

(a) The maintenance with the regularly designated fiscal agent of the City of the "*2023 Sales Tax Bond Sinking Fund*" (hereinafter called the "*Sinking Fund*"), hereby established, sufficient in amount to pay promptly and fully the principal of and the interest and Administrative Fee on the Bonds herein authorized, including any Additional Parity Bonds issued hereafter, as they severally become due and payable, by transferring from the Sales Tax Fund to the regularly designated fiscal agent of the City, monthly in advance on or before the 20th day of each month, a sum equal to one-sixth (1/6) of the total interest and Administrative Fee falling due on the next Interest Payment Date and one-twelfth (1/12) of the total principal falling due on the next Principal Payment Date, together with such additional proportionate sum as may be required to pay said principal and interest and Administrative Fee as the same respectively become due. Said fiscal agent shall transfer from the Sinking Fund to the paying agent bank or banks for all bonds payable from the Sinking Fund, at least one (1) day in advance of the date on which payment of principal or interest falls due, funds fully sufficient to pay promptly the principal and interest and Administrative Fee so falling due on such date.

(b) The maintenance with the regularly designated fiscal agent of the City of the "*2023 Sales Tax Bond Reserve Fund*" (the "*Reserve Fund*"), hereby established. The Reserve Fund shall contain a separate account for the Bonds and each future series of the Bonds, each such account to be designated as the "*Series (insert series designation) Account*," and the money in each account of Reserve Fund shall be retained solely for the purpose of paying debt service on the respective series of bonds benefiting therefrom as to which there would otherwise be default. The Series 2026 Account is hereby established for the benefit of the Bonds and shall be funded as set forth below.

On or before the 20th day of each month, commencing on the first such date to occur following the Date of Delivery, the City shall make periodic deposits into the Series 2026 Account such that the amount on deposit in the Series 2026 Account will equal the Reserve Fund Requirement not later than the fifth anniversary of the Date of Delivery.

In the event that Additional Parity Bonds are issued hereafter in the manner provided by this Bond Ordinance, there shall be transferred from said Sales Tax Fund on the 20th day of each month (after making the payments required in subsection (a) above), or from the proceeds of such bonds, into the Reserve Fund monthly or annually, such amounts (as may be designated in the

ordinance authorizing the issuance of such Additional Parity Bonds) as will increase the total amount on deposit in the Reserve Fund upon the issuance of such Additional Parity Bonds to a sum equal to the reserve fund requirement for such bonds; provided, however, that in the event of the issuance of Additional Parity Bonds, the reserve fund requirement for such bonds may be satisfied by cash, Government Securities of sufficient value or one or more surety bonds or insurance policies (each a "**Reserve Policy**"), or any combination of the foregoing.

If at any time it shall be necessary to use moneys in any account in the Reserve Fund or to draw upon a Reserve Policy for the purpose of paying debt service payable from the Sinking Fund as to which there would otherwise be default, then the moneys so used shall be transferred to each account in the Reserve Fund in which there is a deficiency, on a pro rata basis, from said Sales Tax Fund on the 20th day of each month (after making the payments required in subsection (a) above), it being the intention hereof that there shall as nearly as possible be at all times in the various accounts in the Reserve Fund the amount required for each. The obligation of the City to reimburse the provider of any Reserve Policy shall enjoy the same priority as the obligation of the City to replenish the cash or investments in any account in the Reserve Fund.

All moneys remaining in the Sales Tax Fund on the 20th day of each month in excess of (i) all reasonable and necessary costs and expenses of collecting and administering the Tax, and (ii) after making the payments required by subsections (a) and (b) of this Section (including payments for prior months during which the required payments may not have been made), shall be considered as surplus. Such surplus may be used by the City for any of the purposes for which the Tax is authorized.

The Sales Tax Fund, the Sinking Fund, and the Reserve Fund provided for in this Section shall all be and constitute trust funds for the purposes and to the extent provided in this Ordinance, and the Owners of Bonds issued pursuant to this Ordinance are granted a lien on all such funds until applied in the manner provided herein. The moneys in such funds shall at all times be secured to the full extent thereof by the bank or trust company holding such funds in the manner required by the laws of the State of Louisiana.

SECTION 12. City Obligated to Continue to Collect Tax. In compliance with the laws of Louisiana and this Bond Ordinance, the City, through its governing authority, by proper resolutions and/or ordinances, is obligated to cause the Tax to continue to be levied and collected until all of the Bonds have been retired as to both principal and interest and Administrative Fee, and further the City shall not discontinue or decrease or permit to be discontinued or decreased the Tax in anticipation of the collection of which the Bonds have been issued, nor in any way make any change which would diminish the amount of the revenues of the Tax to be received by the City until all of the Bonds have been retired as to both principal and interest. Nothing contained in this Bond Ordinance shall be construed to prevent the City from altering, amending or repealing from time to time as may be necessary the Sales Tax Ordinance or any subsequent ordinance providing with respect to the Tax, said alterations, amendments or repeals to be conditioned upon the continued preservation of the rights of the Owners with respect to the revenues from the Tax. Except as provided in the following paragraph, the Sales Tax Ordinance pursuant to which the Tax is being levied, collected and allocated, and the obligations to continue to levy, collect and allocate the Tax and to apply the revenues therefrom in accordance with the provisions of this Bond Ordinance, shall be irrevocable until the Bonds have been paid in full as to both principal and

interest, and shall not be subject to amendment in any manner which would impair the rights of the Owners from time to time of the Bonds or which would in any way jeopardize the prompt payment of principal thereof and interest thereon.

SECTION 13. **Covenants of the City.** In providing for the issuance of the Bonds, the City does hereby covenant that it has a legal right to levy and collect the Tax, to issue the Bonds and to pledge the Net Revenues of the Tax as herein provided, and that the Bonds will have a lien and privilege on the Net Revenues of the Tax subject only to the prior payment of the reasonable and necessary costs and expenses of administering and collecting the Tax.

SECTION 14. **Bond Ordinance a Contract.** The provisions of this Bond Ordinance shall constitute a contract between the City and the Owner or Owners from time to time of the Bonds, and any Owner of any of the Bonds may either at law or in equity, by suit, action, mandamus or other proceedings, enforce and compel the performance of all duties required to be performed by the City as a result of issuing the Bonds, and may similarly enforce the provisions of the Sales Tax Ordinance imposing the Tax and this Bond Ordinance.

SECTION 15. **Records and Accounts Relating to Tax.** So long as any of the Bonds are outstanding and unpaid in principal or interest, the City shall maintain and keep proper books of records and accounts separate and apart from all other records and accounts in which shall be made full and correct entries of all transactions relating to the collection and expenditure of the Net Revenues of the Tax, including specifically but without limitation, all reasonable and necessary costs and expenses of collection.

Not later than six (6) months after the close of each Fiscal Year, or such later time as may be allowed by the Legislative Auditor, the City shall cause an audit of such books and accounts to be made by the Legislative Auditor of the State of Louisiana (or his successor) or by a recognized independent firm of certified public accountants showing the receipts of and disbursements made for the account of the Sales Tax Fund. Such audit shall be available for inspection upon request by the Owners of any of the Bonds. The City further agrees that the Paying Agent and the Owners of any of the Bonds shall have at all reasonable times the right to inspect the records, accounts and data of the City relating to the Tax.

SECTION 16. **Issuance of Refunding and Additional Parity Bonds.** All of the Bonds shall enjoy complete parity of lien on the Net Revenues of the Tax despite the fact that any of the Bonds may be delivered at an earlier date than any other of the Bonds. The City shall issue no other bonds or obligations of any kind or nature payable from or enjoying a lien on the Net Revenues of the Tax having priority over or parity with the Bonds, except that (1) the City expressly authorized to issue the remaining principal amount of the \$50,000,000 in bonds secured by the Tax as approved by the Louisiana State Bond Commission on July 16, 2026 in one or more additional tranches on a parity with the Bonds, and each tranche shall be considered Additional Parity Bonds for purposes of this Bond Ordinance, and (2) bonds secured by the Tax may hereafter be issued on a parity with the Bonds under the following conditions:

(a) The Bonds and any Additional Parity Bonds, or any part thereof, including interest, Administrative Fee, and redemption premiums thereon, may be refunded and the refunding bonds so issued shall enjoy complete equality of lien with the portion of the Bonds which is not refunded,

if there be any, and the refunding bonds shall continue to enjoy whatever priority of lien over subsequent issues that may have been enjoyed by the Bonds refunded, provided, however, that if only a portion of Bonds outstanding is so refunded and the refunding bonds require total principal and interest payments during any Bond Year in excess of the principal and interest which would have been required in such Bond Year to pay the Bonds refunded thereby, then such Bonds may not be refunded without the consent of the Owners of the unrefunded portion of the Bonds issued hereunder (provided such consent shall not be required if such refunding bonds meet the requirements set forth in clause (b) below).

(b) Additional Parity Bonds may also be issued, and such Additional Parity Bonds shall be on a parity with the Bonds herein authorized, if all of the following conditions are met:

- (i) The average annual revenues derived by the City from the Tax when computed for the last two (2) calendar years immediately preceding the issuance of the bonds must have been not less than 1.35 times the highest combined principal and interest requirements for any succeeding calendar year period on all Bonds then outstanding, including any additional parity bonds theretofore issued and then outstanding, and any other bonds or other obligations whatsoever then outstanding which are payable from the Tax (but not including bonds which have been refunded or provision otherwise made for their full payment and redemption) and the additional bonds so proposed to be issued;
- (ii) The payments to be made into the various funds provided for in Section 10 hereof must be current;
- (iii) The existence of the facts required by paragraphs (i) and (ii) above must be determined and certified to by an Executive Officer or by an independent firm of certified public accountants who have previously audited the books of the City or by such successors thereof as may have been employed for that purpose.

SECTION 17. **Fidelity Bonds for Officers and Employees**. So long as any of the Bonds are outstanding and unpaid, the City shall require all of its officers and employees who may be in a position of authority or in possession of money derived from the collection of the Tax, to obtain or be covered by a blanket fidelity or faithful performance bond, or independent fidelity bonds written by a responsible indemnity company in amounts adequate to protect the City from loss.

SECTION 18. **Amendments to Bond Ordinance**. No material modification or amendment of this Bond Ordinance, or of any ordinance amendatory hereof or supplemental hereto, may be made without the consent in writing of the Owners of two-thirds (2/3) of the aggregate principal amount of the Bonds then outstanding; provided, however, that no such modification or amendment shall permit a change in the maturity of the Bonds or the redemption provisions thereof, or a reduction in the rate of interest thereon, or the promise of the City to pay the principal of and the interest on the Bonds as the same shall come due from the Net Revenues of the Tax, or reduce the percentage of owners required to consent to any material modification or amendment of this Bond Ordinance, without the consent of the Owner or Owners of the Bonds.

SECTION 19. Mutilated, Destroyed, Lost or Stolen Bonds. Lost, destroyed or improperly cancelled Bonds may be replaced in the manner set forth in the Act. In case any such lost, destroyed or improperly cancelled Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

Upon the issuance of any replacement Bond under this Section, the City may require the payment by the Owner of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Paying Agent) connected therewith. Every new Bond issued pursuant to this section in lieu of any lost, destroyed or improperly cancelled bond shall constitute a replacement of the prior obligation of the City, whether or not the lost, destroyed or improperly cancelled bond shall be at any time enforceable by anyone. The obligation of the City on any replacement bonds shall be identical as its obligation upon the original bonds, and the rights of the holder shall be the same as those conferred by the original bonds.

SECTION 20. Discharge of Bond Ordinance. If the City shall pay or cause to be paid, or there shall be paid to the Owners, the principal of and interest and Administrative Fee on the Bonds, at the times and in the manner stipulated in this Bond Ordinance, then the pledge of the Tax or any other money, securities, and funds pledged under this Bond Ordinance and all covenants, agreements, and other obligations of the City to the Owners of Bonds shall thereupon cease, terminate, and become void and be discharged and satisfied, and the Paying Agent shall pay over or deliver all money held by it under this Bond Ordinance to the City.

SECTION 21. Defeasance. Bonds or interest installments for the payment of which money or Government Securities shall have been set aside and shall be held in trust (through deposit by the City of funds for such payment or otherwise) at the maturity date thereof shall be deemed to have been paid within the meaning and with the effect expressed above in this Section. Bonds shall be deemed to have been paid, prior to their maturity, within the meaning and with the effect expressed above in this Section if they have been defeased pursuant to Chapter 14 of Title 39 of the Louisiana Revised Statutes of 1950, as amended, or any successor provisions thereto.

SECTION 22. Events of Default. Each of the following events shall be "*Events of Default*" under this Bond Ordinance:

(i) if default shall be made in the due and punctual payment of the principal of any Bond when and as the same shall become due and payable, whether at maturity or otherwise; or

(ii) if default shall be made in the due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable; or

(iii) if default shall be made by the City in the performance or observance of any other of the covenants, agreements or conditions on its part in this Bond Ordinance, any supplemental ordinance or in the Bond, and such default shall continue for a period of forty-five (45) days after written notice thereof to the City by the Owners of not less than 25% of the Bond Obligation; or

(iv) if the City shall file a petition or otherwise seek relief under any Federal or State bankruptcy law or similar law.

Upon the happening and continuance of any Event of Default, the Owners of the Bond shall be entitled to exercise all rights and powers for which provision is made under State law. Under no circumstances may the principal or interest of the Bonds or any portion thereof be accelerated. All remedies shall be cumulative with respect to the Paying Agent and the Owners; if any remedial action is discontinued or abandoned, the Paying Agent and the Owners shall be restored to the former positions.

SECTION 23. **Successor Paying Agent; Paying Agent Agreement.** The City will at all times maintain a Paying Agent meeting the qualifications hereinafter described for the performance of the duties hereunder for the Bonds. The designation of the initial Paying Agent in this Bond Ordinance is hereby confirmed and approved. The City reserves the right to appoint a successor Paying Agent by (a) filing with the Person then performing such function a certified copy of an ordinance or ordinance giving notice of the termination of the Agreement and appointing a successor and (b) causing notice to be given to each Owner. Every Paying Agent appointed hereunder shall at all times be a bank or trust company organized and doing business under the laws of the United States of America or of any state, authorized under such laws to exercise trust powers, and subject to supervision or examination by Federal or State authority. The Executive Officers are hereby authorized to execute an appropriate Agreement with the Paying Agent for and on behalf of the City, if required, in such form as may be satisfactory to said officers, the signatures of said officers on such Agreement to be conclusive evidence of the due exercise of the authority granted hereunder.

SECTION 24. **Effect of Registration.** The City, the Paying Agent, and any agent of either of them may treat the Owner in whose name any Bond is registered as the Owner of such Bond for the purpose of receiving payment of the principal (and redemption price) of and interest on such Bond and for all other purposes whatsoever, and to the extent permitted by law, neither the City, the Paying Agent, nor any agent of either of them shall be affected by notice to the contrary.

SECTION 25. **Notices to Owners.** Wherever this Bond Ordinance provides for notice to Owners of Bonds of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first class postage prepaid, or delivered via accepted means of electronic communication to each Owner of such Bonds at the address of such Owner as it appears in the Bond Register. In any case where notice to Owners of Bonds is given by mail, neither the failure to mail such notice to any particular Owner of Bonds, nor any defect in any notice so mailed, shall affect the sufficiency of such notice with respect to all other Bonds. Where this Bond Ordinance provides for notice in any manner, such notice may be waived in writing by the Owner entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Owners shall be filed with the Paying Agent, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

SECTION 26. **Cancellation of Bonds.** All Bonds surrendered for payment, redemption, transfer, exchange or replacement, if surrendered to the Paying Agent, shall be promptly cancelled by it and, if surrendered to the City, shall be delivered to the Paying Agent and, if not already cancelled, shall be promptly cancelled by the Paying Agent. The City may at any time deliver to the Paying Agent for cancellation any Bonds previously registered and delivered which the City may have acquired in any manner whatsoever, and all Bonds so delivered shall be promptly

cancelled by the Paying Agent. All cancelled Bonds held by the Paying Agent shall be disposed of as directed in writing by the City.

SECTION 27. **Deposit of Bond Proceeds**. All of the proceeds derived from the sale of the Bonds, which shall be paid in installments by the Department in the manner set forth in the Loan Agreement, shall be deposited by the City in a Construction Fund (the "***Construction Fund***"). The funds in the Construction Fund shall be used solely for the purposes for which the Bonds were issued and in the manner set forth in the Loan Agreement.

SECTION 28. **Davis-Bacon Wage Rate Requirements**. The City agrees that all laborers and mechanics employed by contractors and subcontractors on the portion of the project that is funded in whole or in part with the Bonds purchased by the Department shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality of the City as determined by the Secretary of the United States Department of Labor ("***DOL***") in accordance with Subchapter IV of Chapter 31 of Title 40, United States Code. DOL provides all pertinent information related to compliance with the foregoing requirements, including prevailing wage rates and instructions for reporting. The City will ensure that all construction contracts relating to the portion of the Project that is funded in whole or in part with Bonds purchased by the Department will require that the contractor comply with the aforesaid wage and reporting requirements. This section shall not apply to "*force account*" work where the City may perform construction work using its own employees rather than any contractor or subcontractor.

SECTION 29. **Publication**. A copy of this Bond Ordinance shall be published immediately after its adoption in one issue of the official journal of the City. It shall not be necessary to publish the exhibits to this Bond Ordinance but such exhibits shall be made available for public inspection at the offices of the City at reasonable times and such fact must be stated in the publication within the official journal.

SECTION 30. **Disclosure Under SEC Rule 15c2-12**. The City is not required at this time to comply with the continuing disclosure requirements described in the Rule 15c2-12(b) of the Securities and Exchange Commission [17 CFR 240.15c2-12(b)].

SECTION 31. **Section Headings**. The headings of the various sections hereof are inserted for convenience of reference only and shall not control or affect the meaning or construction of any of the provisions hereof.

SECTION 32. **Severability**. In case any one or more of the provisions of this Bond Ordinance or of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Bond Ordinance or of the Bonds, but this Bond Ordinance and the Bonds shall be construed and enforced as if such illegal or invalid provisions had not been contained therein. Any constitutional or statutory provision enacted after the date of this Bond Ordinance which validates or makes legal any provision of this Bond Ordinance and/or the Bonds which would not otherwise be valid or legal, shall be deemed to apply to this Bond Ordinance and to the Bonds.

SECTION 33. **Effective Date**. This Bond Ordinance shall become effective upon signature of the Mayor, or, in the event of veto, upon re-adoption by the Governing Authority.

<u>Bond Number</u>	<u>Bond Date</u>	<u>Interest Rate</u>	<u>Principal Amount</u>
R-1	_____, 2026	0.45%	\$20,000,000

FOR VALUE RECEIVED, **CITY OF SCOTT, STATE OF LOUISIANA** (the "**City**"), promises to pay, but solely from the source and as hereinafter provided, to:

REGISTERED OWNER: Department of Environmental Quality (the "**Department**")
Attn: Financial Services Division, Accounts Receivable
P. O. Box 4311
Baton Rouge, Louisiana 70821-4311

or registered assigns noted on the registration record attached hereto on the Maturity Date set forth above the Principal Amount set forth above unless a lesser amount is owed at such time in accordance with the terms contained herein. This Bond shall bear interest, payable semi-annually on ____ 1 and ____ 1 of each year, commencing [____ 1, 2027] (each, an "**Interest Payment Date**"), at the Interest Rate shown above, said interest to be calculated on the basis of a 360-day year consisting of twelve 30-day months. Interest on this Bond on any Interest Payment Date shall be payable only on the aggregate amount of the purchase price which shall have been paid theretofore and not forgiven by the Department, as noted on **Schedule A** hereto, and shall accrue with respect to each purchase price installment only from the date of payment of such installment.

If the Department is the registered owner of this Bond, the City will additionally pay an Administrative Fee to the Department at the annual rate of one-half of one percent (0.5%) on the outstanding principal amount of the Bond, payable on each Interest Payment Date. In the event (i) the Department owns this Bond or the Department has pledged or assigned this Bond in connection with its Clean Water State Revolving Fund Program and (ii) the Administrative Fee payable to the Department is declared illegal or unenforceable by a court or an administrative body of competent jurisdiction, then the "**Annual Interest Rate**" shown in the foregoing table and borne by this Bond shall be increased by one-half of one percent (0.5%) per annum, effective as of the date declared

to be the date from which the Administrative Fee is no longer owed because of such illegality or unenforceability.

This Bond shall mature in twenty (20) installments of principal, payable annually on each _____ 1 (each, a "**Principal Payment Date**"), and each annual installment shall be the applicable percentage shown in the following table, rounded to the nearest One Thousand Dollars (\$1,000), of the outstanding principal amount of this Bond on the day before the applicable Principal Payment Date:

Date (____ 1)	Percentage of Principal	Date (____ 1)	Percentage of Principal
2028	4.564%	2038	9.580%
2029	4.827	2039	10.696
2030	5.120	2040	12.090
2031	5.448	2041	13.884
2032	5.817	2042	16.275
2033	6.235	2043	19.624
2034	6.712	2044	24.647
2035	7.264	2045	33.019
2036	7.907	2046	49.764
2037	8.667	2047	100.000

In the event that the Completion Date of the Project is on or after _____ 1, 20____, the principal payment schedule set forth above may be adjusted so that each payment shall be due on the _____ 1 that is one year later than shown above, provided that in no event shall the final principal payment be more than twenty-two (22) years from the Bond Date set forth above. To exercise the option to defer the principal repayment schedule, the City must so notify the Department in writing prior to _____ 1, 20____, and certify that the Completion Date will not have occurred prior to _____ 1, 20____.

The principal and interest on this Bond shall be payable by check mailed to the registered owner of this Bond (determined as of the Interest Payment Date) at the address shown on the registration books kept by the Paying Agent (hereinafter defined) for such purpose, provided that payment of the final installment of principal on this Bond shall be made only upon presentation and surrender of this Bond to the Paying Agent.

The principal installments of this Bond are subject to prepayment at the option of the City at any time, in whole or in part, at a prepayment price of par plus accrued interest and accrued Administrative Fee, if any, to the prepayment date.

In the event a portion of this Bond is to be prepaid, this Bond shall be surrendered to the City Clerk of the City of Scott, State of Louisiana, as initial Paying Agent for this Bond (the "**Paying Agent**"), who shall note the amount of such prepayment in the space provided therefor on the prepayment schedule attached to this Bond. Official notice of such call of this Bond for prepayment shall be given by means of first class mail, postage prepaid by notice deposited in the United States Mail or via accepted means of electronic communication not less than thirty (30) days prior to the prepayment date addressed to the registered owner of this Bond to be prepaid at

his address as shown on the registration books of the Paying Agent, which notice may be waived by any registered owner. The City shall cause to be kept at the office of the Paying Agent a register in which registration of this Bond and of transfers of this Bond shall be made as provided herein and in the Bond Ordinance. This Bond may be transferred, registered and assigned only on such registration records of the Paying Agent, and such registration shall be at the expense of the City.

This Bond represents the entire issue of an authorized issue of bonds of the City aggregating in principal the sum of Twenty Million Dollars (\$20,000,000) (the "**Bond**"), having been issued by the City pursuant to an ordinance adopted by the City Council of the City of Scott, State of Louisiana (the "**Governing Authority**"), acting as governing authority of the City, on [September 3, 2026] (the "**Bond Ordinance**"), for the purpose of constructing, acquiring, extending, and improving the sewers and sewage disposal facilities of the City and acquiring equipment therefor, under the authority conferred by Part II of Chapter 4 of Subtitle II of Title 39 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional and statutory authority, pursuant to all requirements therein specified, including the authorization of a majority of the qualified electors voting at election held on October 14, 2023 (the "**Election**"), the results of which Election has been duly promulgated in accordance with law.

As provided in the Bond Ordinance, and subject to certain limitations set forth therein, this Bond is exchangeable for an equal aggregate principal amount of bonds of the same maturity of any other authorized denomination. The City and the Paying Agent shall not be required to issue, register the transfer of or exchange any Bond during a period beginning at the opening of business on the 15th day of the month next preceding an interest payment date or any date of redemption and ending at the close of business on such interest payment date or date of redemption.

This Bond is payable from a pledge and dedication of the avails or proceeds of the special one percent (1%) sales and use tax being levied and collected by the Governing Authority pursuant to the Election (the "**Tax**"), and now being levied and collected by the City, pursuant to Article VI, Section 29 of the Constitution of the State of Louisiana of 1974, and other constitutional and statutory authority, subject only to the prior payment of the reasonable and necessary costs and expenses of collecting and administering the Tax, all as provided in the Bond Ordinance.

This Bond has been duly registered with the Secretary of State of Louisiana as provided by law. This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Bond Ordinance until the Certificate of Registration hereon shall have been signed by the Paying Agent.

It is certified that this indebtedness is authorized by and is issued in conformity with the requirements of the constitution and statutes of this State. It is further certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this Bond and the issue of which it forms a part necessary to constitute the same legal, binding and valid obligations of the City have existed, have happened and have been performed in due time, form and manner as required by law, and that the indebtedness of the City, including this Bond and the issue of which it forms a part, does not exceed any limitation prescribed by the Constitution and statutes of the State of Louisiana, and that this Bond shall not be invalid for any irregularity or defect in the proceedings for the issuance and sale thereof and shall be incontestable in the hands of bona fide purchasers or owners for value thereof.

IN WITNESS WHEREOF, the City Council of the City, acting as the governing authority of the City, have caused this Bond to be executed in the name of the City by the manual signatures of its Mayor and City Clerk, to be dated the date of delivery hereof.

ORDINANCE NUMBER 2026-11

**AN ORDINANCE TO AMEND THE SCOTT MUNICIPAL CODE
TO ADD SECTIONS TO CHAPTER 10 ARTICLE II. - OCCUPATIONAL LICENSING**

WHEREAS, the City Council for the City of Scott desires to amend Chapter 10 Article

II. - Occupational Licensing in the municipal code, to add sections as hereinafter set forth;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council for the City of Scott, in regular session assembled, that Chapter 10 Article II. Occupational Licensing is amended to read as follows:

Sec. 10-30. - Occupational License.

Every business and/or occupation located within the city limits, which is required by this Article to pay a license tax, shall obtain an occupational license issued by the City before the commencement or continuance of business operations. In order for an occupational license to be issued by the City, the business and/or occupation shall in full compliance with all city ordinances and shall have paid in full the license tax due under this Article.

Sec. 10-31. - Occupational License - Non Compliance

Any business and/or occupation operating or conducting business without a valid occupational license shall immediately be ordered to cease and desist all and any business operations at that location, this is in addition to any other penalties provided under this Article. Once the business and/or occupation is in compliance with this Article the cease and desist order shall be lifted and the business and/or occupation shall be allowed to commence operating or conducting business at that location.

Sec. 10-32. - Penalty

Any persons, manager, owner, operator or employee operating or conducting business without a valid occupational license shall be guilty of a misdemeanor and upon conviction, shall be fined not less than \$100.00 or more than the maximum amount allowed by State law or imprisonment for not more than 60 days, or both.

This ordinance shall not affect or repeal any other section of this Chapter.

This ordinance shall become effective immediately upon its adoption. Any provisions of the code of ordinances which are in conflict herewith are hereby repealed.

This ordinance having been submitted to a vote in regular session assembled of the Mayor and City Council of the City of Scott, the vote thereon being as follows:

ORDINANCE NUMBER 2026-12

**AN ORDINANCE AMENDING THE SCOTT MUNICIPAL CODE
TO AMEND CHAPTER 14 ARTICLE II. - NOISE**

WHEREAS, the City Council for the City of Scott desires to amend Chapter 14 Article

II. - Noise in the municipal code, as hereinafter set forth;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council for the City of Scott,
in regular session assembled, that Chapter 14 Article II. Noise is amended to read as follows:

Sec. 14-25. - Definitions.

The following words and terms, when used in this article, shall have the following meanings, unless the context clearly indicates otherwise:

"A" weighted sound level is the sound level as measured using the "A" weighting network with a sound level meter meeting the standards set forth in ANSI S1.4-1983 or its successors. The unit of reporting is dB(A). Sounds measured with the "A" weighting network approximate the response of human hearing when measuring sounds of low to moderate intensity.

Agricultural activities means those activities performed on farmlands in order to cultivate the soil, produce crops, or raise livestock.

ANSI means the American National Standards Institute which serves as the administrator and coordinator of the United State private sector voluntary standardization system. ANSI facilitates development of American National Standards (ANSs) by establishing consensus among qualified groups. ANSs in the fields of acoustics and sound measurement are developed by the Acoustical Society of America in order to standardize practices and equipment.

"C" weighted sound level is the sound level as measured using the "C" weighting network with a sound level meter meeting the standards set forth in ANSI S1.4-1983 or its successors. The unit of reporting is dB(C). The "C" weighting network is more sensitive to low frequencies than is the "A" weighting network.

Commercial facility means any premised, property or facility involving traffic in goods or furnishing of services for sale or profit including, but not limited to:

- (1) Banking and other financial institutions;
- (2) Dining establishments;
- (3) Establishments for providing retail or wholesale goods or services;
- (4) Establishments for recreation and entertainment;
- (5) Establishments providing commercial living accommodations and commercial property used for human habitation, when such is the source of the sound under investigation;
- (6) Office buildings;
- (7) Transportation;
- (8) Warehouse.

Community service facility means any nonresidential facility used to provide services to the public, including but not limited to:

- (1) Club meeting halls, offices and facilities;
- (2) Organization offices and facilities;
- (3) Facilities for the support and practice of religion;
- (4) Schools.

Construction means any site preparation, assembly, erection, repair, alteration or similar action, including demolition of buildings or structures.

Continuous sound means any sound with a duration of more than one second, as measured with a sound level meter set to the "slow" meter response.

Decibel (dB) is a relative unit for the measurement of sound pressure. It is based upon a reference pressure of 20 micropascals (zero decibels) which is the average threshold of hearing for a person with very good hearing. The decibel scale is logarithmic, and as such, an increase or decrease of three dB is a doubling or halving of sound pressure.

Demolition means dismantling, destruction or removal of buildings, structures, or roadways.

Emergency work means any work or action necessary to deliver essential public services including but not limited to, installing or repairing water, gas, electricity, telephone, sewer facilities, or public transportation facilities, trimming or removing trees on public rights-of-way and in utility easements, dredging navigational waterways, or abating life-threatening conditions.

Enforcement agency means any agency with law enforcement powers and jurisdiction in Scott at the source of a sound which is the subject of a complaint or enforcement action under this article.

Extraneous sound means a sound of high intensity and relatively short duration which is neither part of the neighborhood residual sound, nor comes from the sound source under investigation. Extraneous sounds are excluded from measurements of the neighborhood residual sound level and the total sound level.

Frequency means the time rate of repetition of sound waves in cycles per second, reported as Hertz (Hz). "Frequency" is sometimes colloquially referred to as "pitch". Low frequency sounds can correspond to the bass notes in music. Low frequency sound waves travel farther and penetrate structures more efficiently than high frequency sound waves.

Impulsive sound means either a single pressure peak or a single burst (multiple pressure peaks) that has a duration of less than one second.

Industrial facility means any activity and its related premises, property, facilities, or equipment involving the fabrication, manufacture, or production of durable or nondurable goods.

Scott means the geographic area of the City of Scott, in which area this article enacting the noise control code is to apply and be enforced.

Motor vehicle means any vehicle that is propelled other than by human or animal power on land.

Muffler means a properly functioning sound dissipative device or system for abating the sound of escaping gasses on equipment where such a device is part of the normal configuration of the equipment.

Multi-dwelling unit building means any building comprising two or more dwelling units, including but not limited to, apartments, condominiums, co-ops, multiple family houses, townhouses, and attached residences.

Multi-use property means any distinct parcel of land that is used for more than one category of activity. Examples include, but are not limited to:

- (1) A commercial, residential, industrial or public service property having boilers, incinerators, elevators, automatic garage doors, air conditioners, laundry rooms, utility provisions, or health and recreational facilities, or other similar devices or areas, either in the interior or on the exterior of the building, which may be a source of elevated sound levels at another category on the same distinct parcel of land; or
- (2) A building which is both commercial (usually on the ground floor) and residential property located above, behind, below or adjacent.

Music box means a self-contained, portable, hand-held music or sound amplification or reproduction equipment capable of emitting sound that is audible at distances exceeding the permissible limits established within this noise control code.

Neighborhood residual sound level means that measured value which represents the summation of the sound from all of the discrete sources affecting a given site at a given time, exclusive of extraneous sounds, and those from the source under investigation. Neighborhood residual sound level is synonymous with background sound level. Neighborhood residual sounds are differentiated from extraneous sounds by the fact that the former are more steady state, although they may not be continuous.

Noise control administrator means the person selected by the Scott Mayor, or his/her designee, as the person charged with the responsibility of exercising the powers and duties set forth herein.

Noise control officer means any government employee, including law enforcement officers, who has received noise enforcement training. The employee must be acting within his or her designated jurisdiction in order to be considered a noise control officer. The noise control officer may exercise such discretion as may be necessary to enforce the provisions of this noise control code.

Noise sensitive means a facility whose operations may be detrimentally impacted by excessive sound levels. Such facilities include but are not limited to:

- (1) Schools;
- (2) Houses of worship;
- (3) Medical facilities.

Plainly audible means any sound that can be detected by a person using his or her unaided hearing faculties. As an example, if the sound source under investigation is a sound amplification or reproduction device, the detection of the rhythmic bass component of the music is sufficient to verify plainly audible sound. The noise control officer need not determine the title, specific words, or the artist performing the song.

Portable, hand-held music or sound amplification or reproduction equipment means any contained, portable, hand-held music or sound amplification or reproduction equipment capable of emitting sound that is audible at distances exceeding the permissible limits established within this noise control code.

Private right-of-way means any street, avenue, boulevard, road, highway, sidewalk, alley or easement that is owned, leased, or controlled by a non-governmental entity.

Public celebrations means and includes organized special events or activities sponsored and/or produced by governmental or quasi-governmental organizations that are of general public interest and that are open to public attendance, including, by way of example only and not by way of limitation, Mardi Gras, Village Beats series, Boudin Festival, and high school football games.

Public right-of-way means any street, avenue, boulevard, road, highway, sidewalk, alley or easement that is owned leased, or controlled by a governmental entity.

Public space means any real property or structures thereon that are owned, leased, or controlled by a governmental entity.

Real property line means either (a) the imaginary line including its vertical extension that separates one parcel of real property from another; (b) the vertical and horizontal boundaries of a dwelling unit that is part of a multi-dwelling unit building; or (c) on a multi-use property, the interface between the two portions of the property on which different categories of activity are being performed (e.g., if the multi-use property is a building which is residential upstairs and commercial downstairs, then the real property line would be the interface between the residential area and the commercial area).

Residential property means property used for human habitation but not limited to:

- (1) Private property used for human habitation;
- (2) Commercial living accommodations and commercial property used for human habitation;
- (3) Recreational and entertainment property used for human habitation
- (4) Community service property used for human habitation;
- (5) Hospitals or long-term care medical facilities.

Sound level meter means an instrument that conforms to ANSI S1.4-1983 or its successors.

Total sound level means that measured level which represents the summation of the sound from the sound source under investigation and the neighborhood residual sounds which affect a given place at a given time, exclusive of extraneous sound sources.

Weekday means any day beginning on Sunday at 8:00 p.m. and ending the following Friday at 6:00 p.m.

Weekends means beginning on Friday at 6:00 p.m. and ending on the following Sunday at 8:00 p.m.

Sec. 14-26. - Applicability.

(a) This noise control code applies to sound originating from, or received by, any property in Scott.

(b) This noise control code shall be equally applicable to all properties in Scott, regardless of the permitted land uses or zoning classification of any such property. The provisions of this noise control code shall not be superseded or otherwise rendered inapplicable by any other law, ordinance, or regulation which would purport to permit a use of property in violation of this article.

Sec. 14-27. - Noise control administrator.

The noise control administrator/city executive assistants shall have the following powers and duties:

- (1) Coordinate the noise control activities and noise control code enforcement activities of all departments and enforcement agencies in the City of Scott and cooperate with all other public bodies and enforcement agencies to the extent practicable; and
- (2) Review the actions of Scott and advise of the effect, if any, of such actions on noise control; and
- (3) Review public and private projects, subject to mandatory review or approval by other departments or boards, for compliance with this noise control code; and
- (4) Promulgate and publish rules and procedures within his or her office to establish techniques for measuring noise, and to provide for clarification, interpretation, and implementation of this noise control code; and
- (5) Review at least every three years the provisions of this noise control code and recommend revisions consistent with technology to reduce noise, or to address new sound sources within Scott; provided, however, that failure to review and /or recommend revisions shall not affect the validity of the provisions then in effect; and
- (6) Grant, review and revoke enforcement periods pursuant to section 14:33, below; and
- (7) Grant, review and revoke variances pursuant to section 14:34, below; and
- (8) Perform any other functions authorized in this noise control code.

Sec. 14-28. - Noise control officers.

Where the provisions of this noise control code require the measurement of sound with the use of a sound level meter, such measurement shall be made by a noise control officer.

When the assessment of sound thought to be in violation of the provisions of this noise control code does not require measurement with a sound level meter, or when the level of noise is measured by a noise control officer, and is determined to be in violation of the provisions of this noise control code, any law enforcement officer having jurisdiction in the area where the violation takes place, may issue a citation and/or summons for the violations of this noise control code.

Noise control officers shall have the powers and duties assigned to them in this noise control code, including, but not limited to, the following:

- (1) Investigate and pursue possible violations of this noise control code for sound levels which equal or exceed the sound levels set forth in this noise control code, when measured at a receiving property located within the designated jurisdiction of the noise control officer, in accordance with section 14:29, below, and upon confirming violations of this noise control code, have the authority to issue citations and/or summons for same.
- (2) Cooperate and assist any law enforcement officer in the parish in measuring sound to determine if same is in violation of this noise control code or any other sound regulation having provisions requiring the measurement of sound with sound level meters.
- (3) Cooperate with noise control officers of adjacent jurisdictions in enforcing each jurisdiction in enforcing each jurisdiction's noise ordinances.
- (4) Perform any other functions for noise control officers authorized by this noise control code.

Sec. 14-29. - Maximum permissible sound levels.

- (a) Continuous sound. No person shall cause, suffer, allow, or permit the operation of any source of sound on any source property in such a manner as to create a sound level that exceeds the sound level limits listed in Table I, as measured at any location at or within the property line of the receptor property. Sound pressure levels in excess of those established in Table I shall constitute prima facie evidence that such sound is in violation of this noise control code.

Table I

dB(A)

Residential	Residential	Commercial	Industrial
7:00 a.m.-10:00 p.m. Noise sensitive 24 hour	10:00 p.m. - 7:00 a.m.	24 hours	24hours
60.00 dB(A)	50.00 dB(A)	65.00 dB(A)	70.00 dB(A)

- (b) Impulsive sound.
 - (1) Between 7:00 a.m. and 10:00 p.m., impulsive sounds which occur less than ten times in an hour shall not equal or exceed 20 decibels above the permissible sound levels limits in Table I. Impulsive sound which repeats ten or more times in any hour shall not exceed the permissible sound level limits in Table I.
 - (2) Between the hours of 10:00 p.m. and 7:00 a.m., impulsive sounds which occur less than four times in an hour shall not equal or exceed 20 decibels above the permissible sound level limits in Table I. Impulsive sound which repeats four or more times in any hour shall not exceed the permissible sound level limits in Table I.
- (c) Amplified sound. If the source of sound is an amplified sound reproduction device, and the complainant states that the rhythmic bass component of the music is disturbing within the complainant's residence, the noise control officer may take sound level measurements within the residence of the complainant. No person shall cause, suffer, allow, or permit the operation of any amplified source of sound in such a manner that it exceeds the total sound levels by the permissible sound levels limits set forth in Table II when measured within the residence of a complainant. These sound level measurements shall be conducted with the sound level meter set for "C" weighting, "fast" response. Such measurements shall not be taken in areas which receive only casual use such as hallways, closets and bathrooms. For the purposes of these measurements, the ambient sound level is that sound level which is measured in the residence when the sound source under investigation is not prominent, or in a room on the same floor that is relatively unaffected by the sound source under investigation. The C-scale is more sensitive to low frequency sound levels than the A-scale, and an increase of five dB is perceived by humans as being plainly louder, and a ten dB increase is perceived as being twice as loud. Examples of amplified sound reproduction devices, include but are not limited to, sound systems which augment music or voices such as those used for public announcements or as

utilized by disc jockeys in playing music.

Table II

Amplified Sound Reproduction Device

Maximum Permissible Sound Level Limits

Week nights 10:00 p.m. - 7:00 a.m. Weekend nights 11:00 p.m. and 9:00 a.m.	All other times
3 dB(C)	5dB(C)

- (d) Steady pure tones. If the sound under investigation is a mechanical device, and is, in the investigating officer's opinion, emitting a sound with a steady tonal quality, the permissible sound level limits in Table I shall be reduced by five dB(A). The sound emissions must be comprised of a single frequency or a narrow cluster of frequencies, which may be referred to as a whine, hum or buzz. The measured sound levels of such a source must not fluctuate by more than plus or minus three dB. Such sound sources include, but are not limited to: heating, ventilating or air-conditioning units; refrigeration units; and transformers. Nothing to the contrary withstanding, sound sources from residential heating, ventilating or air conditioning units can not exceed 55 dB(A) at night.
- (e) Supplemental standards. In addition to the standards specified in subsections (a), (b), (c), and/or of this section, no person shall cause, suffer, allow, or permit the operation of any source of amplified sound on property which is either:
- (1) Plainly audible between the hours of 10:00 p.m. and 7:00 a.m. at a distance of 200 feet in any direction from any property line of the source property; or
 - (2) Of such volume as to be unreasonably loud, raucous, jarring, disturbing, or a nuisance to reasonable persons of normal sensibilities within the area of audibility; or
 - (3) Disturbing to the peace, quiet, comfort, or repose of a person on any other residential property or persons in any public space.
- The standards established by this subsection (e) shall not require measurement of sound.

Sec. 14-30. - Procedures for the determination of sound levels.

- (a) Where the measurement of sound is required, the sound level shall be measured with a sound level meter. The sound level meter and calibrator shall be recertified annually at a laboratory approved by the noise control administrator. A field check of meter calibration and batteries shall be conducted before and after every set of measurements, and at least every hour as necessary.
- (b) Total and neighborhood residual sound level measurements shall be taken in accordance with procedures approved by the noise control administrator. Calculation of source sound levels shall conform to accepted practice.
- (c) To the extent that plainly audible sound may constitute a violation of this noise control code, plainly audible sound shall not require measurement with a sound level meter.

Sec. 14-31. - Exceptions.

The operational performance standards established in this noise control code shall not apply to any of the following noise sources:

- (1) Agricultural activities, properly muffled;
- (2) Unamplified bells, chimes or carillons while being used in conjunction with religious services;
- (3) Emergency energy release devices;

- (4) Emergency work;
- (5) National Warning System (NAWAS): systems used to warn the community of attack or Imminent public danger such as flooding, explosion or hurricane;
- (6) Noise of aircraft operations;
- (7) Public celebrations;
- (8) Surface carriers engaged in commerce by railroad, exclusive of loading and unloading;
- (9) Sound from the locomotion of properly muffled motor vehicles on a public rights-of-way. "Properly muffled" shall mean the use of a device to minimize the emission of sound rather than maximize the emission of sound.
- (10) Events which are operating within the time and volume parameters set forth in a variance issued by the noise control administrator.
- (11) Collection of residential refuse and residential recyclables.

Sec. 14-32- Restricted uses and activities.

Notwithstanding the provisions of sections 14:29 and/or 14:31, the following standards shall apply to the activities or sources of sound set forth below:

- (1) Power tools and landscaping and yard maintenance equipment shall not be operated on residential property between the hours of 10:00 p.m. and 7:00 a.m. All motorized equipment used in these activities shall be operated with a muffler. During the permissible hours of operation as established herein, the operation of power tools and landscaping and yard maintenance equipment on residential property shall not be subject to the provisions of section 14:29.
- (2) Power tools and landscaping and yard maintenance equipment, excluding emergency work, shall not be operated within 250 feet of a residential property line when operated on commercial or industrial property, between the hours of 10:00 p.m. and 7:00 a.m. on weekdays, or between the hours of 10:00 p.m. and 9:00 a.m. on weekends or federal holidays, unless such activities can meet the limits set forth in Table I of section 14:29. In addition, power tools and landscaping and yard maintenance equipment, excluding emergency work, utilized on commercial or industrial property shall meet the limits set forth in Table I of section 14:29 between the hours of 10:00 p.m. and 7:00 a.m. All motorized equipment used in these activities shall be operated with a muffler. At all other times, the limits set forth in Table I of section 14:29 do not apply to power tools and landscaping and yard maintenance equipment.
- (3) Collection of commercial refuse or commercial recyclables may not be conducted within 250 feet of any residential property between the hours of 10:00 p.m. and 9:00 a.m. on weekends. For the purposes of this provision, collection of commercial refuse or commercial recyclables at apartments, apartment houses or complexes, condominium, and/or co-ops will be classified as commercial collection.
- (4) The operation of any commercial truck with refrigeration units may not be conducted within 250 feet of any residential property between the hours of 10:00 p.m. and 7:00 a.m. on weekdays or between the hours of 10:00 p.m. and 9:00 a.m. on weekends.
- (5) Construction and demolition activity, excluding emergency work, shall not be performed between the hours of 10:00 p.m. and 7:00 a.m. on weekdays, or between the hours of 10:00 p.m. and 9:00 a.m. on weekends and federal holidays. All motorized equipment used in construction and demolition activity shall be operated with a muffler.
- (6) An exterior burglar alarm and/or fire alarm of a building or motor vehicle must be activated in such a manner that the alarm terminates its operation, after activation, within five minutes if the sound is emitted without interruption and ten minutes if the sound emitted is intermittent. At all times, the limits set forth in Table I of section ___ do not apply.
- (7) Domestic animals, and any other animal not in a state of natural liberty, may not make more than 60 vocalizations in any ten-minute period. At all times, the limits set forth in Table I of section 14:29 do not apply. Animal establishments, commercial kennels, pet shops, and veterinary hospitals shall be exempt from the vocalization limitations of the subsection (7).
- (8) Self-contained, portable, hand-held music or sound amplification or reproduction equipment, including but not limited to devices referred to as "music boxes," radios, stereos or any similar devices, shall not be operated on a public space or public right-of-way in such a manner as to be plainly audible at a distance of 100 feet in any direction

from the equipment during the hours of 7:00 a.m. to 10:00 p.m. and 50 feet in any direction from the equipment during the hours of 10:00 p.m. to 7:00 a.m.

Sec. 14-33- Enforcement and penalties.

- (a) The noise control officer shall classify a violation of this noise control code as a "major" or "minor" violation for the purposes of an enforcement and compliance period, if applicable, as follows: a violation shall be classified as major if it is not deemed a minor violation. A violation deemed to be minor if:
 - (1) The violation is not the result of willful, reckless or grossly negligent conduct of the violator; and
 - (2) The activity or condition constituting the violation has not been the subject of an enforcement action against the violator in the immediately preceding 12 months; and
 - (3) The violation is not the result of the operation of a sound reproduction or amplification device of any kind, including, but not limited to, music boxes, with the exception of safety warning devices.
- (b) If the violation is deemed to be minor, the noise control officer shall issue an enforcement document notifying the violator that the activity or condition must be corrected and compliance achieved within 30 days or less, at the discretion of the noise control administrator, or any other reasonable period of time, not to exceed 180 days, to be determined based upon the nature, extent and impact of the violation and a reasonable estimate of the time needed to correct the violation. The violator may request, from the noise control administrator, an extension of the compliance deadline, and the noise control administrator may approve any reasonable request for an extension if the violator can demonstrate that a good faith effort has been made to achieve compliance. The noise control administrator shall offer special consideration, during the six month period immediately following final enactment of this noise control code, for pre-existing sound sources which will require physical plant modifications to come into compliance.
- (c) If, during the compliance period established in the enforcement document, the sound emissions for which the violation has been assessed increase in duration or intensity, the noise control administrator may revoke the compliance period. In determining whether to revoke the compliance period, the noise control administrator may consider the following factors: the relative increase in intensity; whether the change of sound emissions is directly related to ongoing sound abatement measures, and the anticipated duration of the increased sound levels.
- (d) If the violator does not correct a minor violation within the compliance period, the violator shall be subject to the penalties established by subsection (f) of this section. If the noise control administrator has reason to believe that the violator is not acting in good faith during the compliance period, it may conduct further investigations during that period, and if the violator has not achieved compliance within the compliance period specified in the enforcement document, the noise control administrator may prosecute any violations documented during the compliance period.
- (e) If the violation is not deemed to be minor, it shall be classified as a major violation, and the violator shall be subject to the penalties established by subsection (f) of this section without allowing a period of time to correct the violation.
- (f) Any major violation of this noise control code, and any minor violation of this noise control code not corrected in accordance with an enforcement document, is unlawful and punishable under section 1-12, except that the fine specified in section 1-12(a) shall be modified as follows: the minimum fine shall be \$150.00.
- (g) Notwithstanding any other provision for this noise control code, any enforcement agency with jurisdiction may, in its discretion, immediately terminate (or provide for the immediate termination of) any activity or conduct causing a violation of this noise control code, without regard to the classification of the violation as "major" or "minor". Nothing in this noise control code shall be construed as a limitation upon the power of any enforcement agency with jurisdiction to immediately terminate (or provide for the immediate termination of) any activity or conduct causing a violation of this noise control code or to maintain or restore peace and order under any other provision of law.

Sec. 14-34- Variances.

Variances shall be for a period not to exceed one week and shall not be granted more than six months in advance of the first effective day of the activity for which the variance is granted; provided,

however, that a variance may be granted more than six months in advance for events that are scheduled as part of a program or events, or series of same, sponsored by a public body, or having been held for at least the previous five prior years, and/or that have a regular schedule that is published or promoted more than six months in advance of the event or the last event in the series. In the discretion of the noise control administrator, variance may be granted for an event or series of events that are held on days identifiable by event, such as Mardi Gras, which may have a variable date each year, or for alternate locations that are in the same general area, as in the event of rain-outs. No more than twelve (12) variances per year shall be requested or issued for the same location to the same person, group of persons, legal entity, organization, or any affiliate thereof (including but not limited to, officers, employees, family members, or related persons or organizations).

- (1) Any person who owns or operates a sound source in one of the following categories may apply for a variance from the noise control administrator:
 - a. Private celebrations;
 - b. Nighttime construction projects; or
 - c. Homeowner construction projects.
- (2) Applications for a variance shall supply information including, but not limited to:
 - a. The nature, time, date and location of the noise source for which such application is made;
 - b. The reason for which the variance is requested, including the hardship that will result to the applicant, his/her client, or the public if the variance is not granted;
 - c. The nature and intensity of noise that will occur during the period of the variance;
 - d. A description of interim noise control measures to be taken by the applicant to minimize noise and the impacts occurring therefrom; and
 - e. The name, address and means of contacting a responsible party during the hours of operation for which the variance is issued.
- (3) The noise control administrator may charge the applicant a fee of up to \$50.00 per variance to cover expenses resulting from the processing of the variance application. This fee shall be waived for non-profit organizations certified under section 501(c)(3) of the Internal Revenue Code upon presentation of proof of such certification to the noise control administrator.
- (4) The determination as to whether a variance shall be granted is within the sound discretion of the noise control administrator. In making the determination as to whether a variance shall be granted, the noise control administrator shall consider:
 - a. The character and degree of injury to, or interference with, the health and welfare of persons in the vicinity of the sound to result from the variance, and the character and degree of injury to, or interference with, the reasonable use of property which is caused or threatened to be caused by the sound which may result from the variance.
 - b. The measures to be taken by the applicant to minimize any injury to, or interference with, the health and welfare of persons or property which is caused or threatened to be caused by the sound which may result from the variance.
 - c. The ability of the applicant to apply best practical noise control measures.
 - d. The number of previous variances requested by the applicant, by the applicant's organization, and by the applicant's affiliates, including but not limited to, the applicant's officers, employees, family members, and related persons or organizations.
- (5) The variance shall enumerate the conditions of the variance including:
 - a. Specific dates and times for which the variance is valid;
 - b. Sound level limits which may not be exceeded at the nearest affected residential property; and
 - c. Noise control measures which must be implemented by the holder of the variance.
- (6) The variance may be revoked by the noise control administrator, a noise control officer, an enforcement agency, or any law enforcement officer having jurisdiction if the terms of the variance are violated.
- (7) A variance may be revoked by the noise control administrator, and the issuance of future variances withheld, if there is:
 - a. Violation of one or more conditions of the variance;
 - b. Material misrepresentation of fact in the variance application; or
 - c. Material change in any of the circumstances relied upon by the noise control administrator in granting the variance.
- (8) Any application for a variance must be made two business days or more before the variance is to take effect so as to allow for notice to be given to the surrounding land

owners and community. If the noise control administrator grants the variance, notice of the variance will be made public by posting the details of the variance on the outside of the office of the noise control administrator which such posting shall take place at two business days in advance of the event for which the variance has been granted in order to provide notice of the same.

This ordinance shall not affect or repeal any other section not addressed by this ordinance.

This ordinance shall become effective immediately upon its adoption. Any provisions of the code of ordinances which are in conflict herewith are hereby repealed.

This ordinance having been submitted to a vote in regular session assembled of the Mayor and City Council of the City of Scott, the vote thereon being as follows:

SHELLEY M. GAUTREAU-CITY CLERK

ORDINANCE NUMBER 2026-13
AN ORDINANCE TO AMEND/REPLACE THE SCOTT MUNICIPAL CODE
CHAPTER 16 FIRE PROTECTION

WHEREAS, the City Council for the City of Scott desires to amend/replace Chapter 16 Fire Protection as set forth;

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council for the City of Scott, in regular session assembled, that Chapter 16 Fire Protection is amended/replaced to read as follows:

Chapter 16 FIRE PROTECTION

ARTICLE I. IN GENERAL

Sec. 16-1. Penalties for violation.

Whoever violates the provisions of this chapter where a penalty is not specially stated shall be fined not less than \$100.00 nor more than \$300.00 and shall be summoned to the city mayor's court in connection therewith.

Sec. 16-2. Fire authority; authorized representatives; jurisdiction.

- a) Authorized representatives of the fire authority having jurisdiction, as may be in charge at the scene of a fire or other emergency involving the protection of life or property or any part thereof, shall have the power and authority to direct such operation as may be necessary to extinguish or control any fire, perform any rescue operation, investigate the existence of suspected or reported fires, gas leaks, or other hazardous conditions or situations or of taking any other action necessary in the reasonable performance for their duty. In the exercise of such power, the fire authority having jurisdiction may prohibit any person, vehicle, vessel or object from approaching the scene and may remove or cause to be removed or kept away from the scene any vehicle, vessel, or object which may impede or interfere with the operations of the fire authority having jurisdiction, and any person not actually and usefully employed in the extinguishing of such fire, or in the preservation of property in the vicinity thereof.
- b) Any person who obstructs the operations of the fire department in connection with extinguishing any fire, or any other emergency, or disobeys any lawful command of the fire official or officer of the fire department who may be in charge at such a scene, or any part thereof, or any police officer assisting the fire department, shall be guilty of a misdemeanor.

Sec. 16-3. Tampering with or damaging fire equipment.

No person shall molest, tamper with, damage or otherwise disturb any apparatus, equipment or appurtenance belonging to or under the supervision and control of the fire department.

Sec. 16-4. Removing fire hydrant or fire appliance.

No person shall remove, tamper with, or otherwise disturb any fire hydrant or fire appliance required to be installed or maintained under the provisions of this Code except for the purpose of extinguishing fire, training purposes, recharging, or making

necessary repairs, or when permitted by the fire authority having jurisdiction. Whenever a fire appliance is removed as permitted in this section, it shall be replaced or reinstalled as soon as the purpose for which it was removed has been accomplished.

Sec. 16-5. Fire department in charge at scene of emergency.

Personnel of the fire department in charge at the scene of an emergency shall have the authority to place ropes, guards, barricades or other obstructions across any street, alley, place or private property in the vicinity of such operations so as to prevent an accident or interference with the lawful efforts of the fire department to manage and control the situation and to handle fire apparatus.

Sec. 16-6. Tampering with or destroying barricades, gates and doors.

No person, unless authorized, or a public officer acting within the scope of his public duties shall remove, unlock, destroy, tamper with, or otherwise molest in any manner any lock, gate, door, barricade, chain, enclosure, sign, tag or seal which has been lawfully installed by the fire authority having jurisdiction or by its order or under its control.

Sec. 16-7. Fire Hydrants.

- a) No person shall place or keep any fence, growth, trash, or other structure or material near any fire hydrant that would prevent such hydrant from being immediately discernible or in any other manner hinder the fire department from gaining immediate access to the fire hydrant. No person shall install any sign or other structure which would hinder or obstruct in any way the full and complete operation of the fire hydrant.
- b) No person shall use or operate any hydrant or other valve installed on any water system intended for use of the fire department for fire suppression purposes and which is accessible to any public highway, alley or private way open to, or generally used by, the public unless such person first secures a permit for such use.
- c) All new and relocated buildings shall be required to have a Fire Hydrant at or within 300 feet. All Fire Hydrants shall provide the proper water flow for adequate fire protection.
- d) Fire Hydrants shall not be metered off, unless approved by the code official. Metered hydrants will only provide 500 gallons of water per minute, which is unacceptable for proper fire protection.

Note: The requirement of metering is not the same as the off-set meter found

in a back flow preventer application.

- e) All new Fire Hydrants shall be painted with the proper colors that dictate the actual gallons per minute.
- f) All Fire Hydrants shall be spaced no further than 150 feet apart from the Fire Department Connections as stated in Section 903.3.7 (a) of the International Fire Code(IFC)

Sec. 16-7 (a) Fire Department Connections (FDC):

- a) The location of FDC shall be at least 40 feet away from the building, free standing. When unable to comply based on the lack of property available a review will be done for alternative locations.
- b) Fire Hydrants shall be located not to exceed 150 feet from the FDC.

- c) The FDC for Sprinkler and Standpipe Systems shall be of the following size: 3 5/64 inches outside diameter by 8 threads per inch.
 Note: at all standpipe connections located inside building, the standard diameter and threads will be that of National Standards.
- d) The FDC shall be on a separate line and not interconnected to the fire line (fire main) at any point.
- e) The FDC shall terminate above the alarm check valve, and not after the double check backflow preventer on WET SYSTEMS.
- f) Termination of the FDC line shall be as follows:
 - a. DRY SYSTEM—between the system control valve & the dry valve.
 - b. DELUGE SYSTEM—on the system side of the deluge valve, after the valve.
 - c. PRE-ACTION SYSTEM—between the pre-action valves and check valve on the system side of the pre-action valve.
- g) If there is more than one Riser on a Wet System then the Fire Department Connection shall be manifold and connected to each Riser. Where each manifold pipe connects to a Riser there will be so located a one way check valve interconnected to each Riser.
- h) All Fire Department Connections shall terminate beyond or after all mechanical valves. This does not include required floor valves.

Sec. 16-8. Access to buildings by fire apparatus.

- a) Every building hereafter constructed shall be accessible to fire department apparatus by way of access roadways with an all-weather driving surface of not less than 20 feet of unobstructed width, with adequate roadway turning radius capable of supporting the imposed loads of fire apparatus and having a minimum vertical clearance of 13 feet, six inches. During construction, when combustibles are brought on the site in such quantities as deemed hazardous by the fire official, access roads and a suitable temporary supply of water acceptable to the fire department shall be provided and maintained.
- b) The required width of access roadways shall not be obstructed in any manner, including the parking of vehicles. Installation of "No Parking" signs or other appropriate notice, or of approved obstructions inhibiting parking, may be required and, if installed, shall be maintained.
- c) Where fire protection systems approved by the fire official are provided, the clearances required in this section may be modified.
- d) The fire official shall have the authority to require an increase in the minimum access widths where they are inadequate for fire or rescue operations.

Sec. 16-9. Fire alarm requirement.

- a) Every dwelling and every dwelling unit within an apartment house, dormitory, condominium, townhouse, motel and hotel, and every basement or cellar within such dwellings, shall be provided with an approved listed smoke detector installed in accordance with the manufacturer's recommendation and listing. When actuated, the detector shall provide an audible alarm. The smoke detectors shall be tested in accordance with and meet the requirements of UL 217, Single and Multiple Station Smoke Detectors.
- b) A manual fire alarm system complying with the requirements of NFPA Pamphlet No. 72-A, Local Protective Signaling Systems, shall be installed in all of the following buildings and such fire alarm systems shall be tested at least semiannually, and a written record of such tests maintained for inspection by the

fire official. Such tests shall be performed by a person approved by the fire official. The buildings are:

- c) Group A: Assembly having a capacity of 1,000 persons.
- d) Group B: Business buildings having a total occupancy of 500 or more persons or more than 100 persons above or below the street floor.

Sec. 16-10. Outdoor burning.

The provisions of Title 33, Part III, Chapter 11 of the Louisiana Administrative Code regulations, as amended, are hereby adopted:

- a) No person shall cause or allow the outdoor burning of waste material or other combustible material on any property owned by him or under his control except as provided in the state administrative regulations.
State law reference(s)—Control of air pollution from outdoor burning, 33 LAC § 1109.

Sec. 16-11. Hot ashes and other dangerous materials.

No person shall deposit hot ashes or cinders, smoldering coals, or greasy or oily substances liable to spontaneous ignition into any combustible receptacle, or place the same within ten feet of any combustible materials, except in metal or other noncombustible, covered receptacles. Such receptacles, unless resting on a noncombustible floor or on the ground outside the buildings, shall be placed on noncombustible stands and in every case shall be kept at least two feet away from any combustible wall or partition or exterior window opening.

Sec. 16-12. Types of construction of incinerators.

- a) Every incinerator used shall comply with the provisions of this section.
- b) Commercial, industrial and apartment-type incinerators shall be constructed in accordance with the provisions of the building and mechanical codes.
- c) Residential incinerators shall be of an approved type.
- d) Every incinerator shall be equipped with an effective means for arresting sparks.
- e) Every incinerator shall be constructed and maintained in accordance with the requirements of the Air Pollution Control District having jurisdiction, or shall comply with the requirements of NFPA Standard No. 82, Standards of Incinerators.

Sec. 16-13. Kindling of fire on land of others restricted.

- a) Kindling on another's land. No person shall kindle a fire upon the land of another without permission of the owner thereof or his agent.
- b) Incinerators in trailer camps. Any incinerator installed in a trailer camp, mobile home park, or permanent camping park shall be of a type and in a location approved by the fire official.

Sec. 16-14. Restrictions.

- a) If the fire official determines that burning in incinerators located within 500 feet of the brush or grass-covered areas will create an undue fire hazard due to atmospheric conditions, such burning shall be prohibited.
- b) All burning shall take place during hours approved by the fire official.

- c) No waste matter shall be burned, under permit or otherwise, which will cause or create a dense smoke or odor.

Sec. 16-15. Prohibited use of fireworks; exceptions.

- a) Definition. The term "fireworks" shall mean those fireworks enumerated as permissible fireworks in R.S. 51:651.
- b) Sales to minors prohibited. No person or entity, vendor or retailer shall offer to sell or sell fireworks to a person less than 18 years of age.
- c) Possession and use. No person under the age of 18 years shall use, handle, set off, shoot or have in possession any fireworks without adult supervision. For the purposes of this section, an "adult" is defined as someone 18 years of age or older.
- d) Dates and times of sale and use. Fireworks may be sold at retail from noon June 25 through 10:00 p.m. July 5, and from noon December 15 through 10:00 p.m. January 1. Fireworks may be used, set off or shot from June 25 to July 5 and from December 15 to January 1 from the hours of 8:00 a.m. to 10:00 p.m. Additional hours of fireworks use will be allowed from 10:00 p.m. on July 4 to 1:00 a.m. July 5, and from 10:00 p.m. December 24 to 1:00 a.m. December 25 and from 10:00 p.m. December 31 to 1:00 a.m. January 1.
- e) Penalties. Whoever commits the offense prescribed in subsection (b) of this section shall be fined not more than \$50.00 for a first offense; not more than \$100.00 or imprisonment in the parish jail for not more than 30 days, or both, for a second offense; and not more than \$100.00 or imprisonment in the parish jail for not more than 30 days, or both, and the perpetrator shall forfeit his fireworks license or permit for a period of two years for a third or subsequent offense.
- f) Posting of notices. The provisions provided in subsections (b), (c), (d) and (e) of this section shall be posted on a legible sign of not less than 20 inches by 30 inches on the premises of any retailers of fireworks. "Retailers" are as described in R.S. 51:650(7).

Sec. 16-16. - Department created; number officers; supervision.

- a) The fire department shall consist of a fire chief and other officers as the chief and the mayor and city council may deem necessary for the effective operation of the department.
- b) The department shall be under the supervision and direction of the chief.

Sec. 16-16(a). - Appointment of fire chief.

- a) The chief of the fire department shall be appointed by the mayor and city council to serve a four year term.
- b) The Mayor may appoint a committee to make a recommendation as to the selection of the next fire chief. The committee shall consist of members selected by the Mayor, the members shall be residents of the City of Scott, with no more than one (1) committee member being a member of or associated with the Scott Volunteer Fire Department. The committee shall make a recommendation to the Mayor no later than 60 days, from the establishment of the committee. The Mayor thereafter shall present the recommendation of the committee to the Scott City Council at the next available city council meeting.
- c) In order to be considered for Fire Chief appointment one must have the following qualifications:
 - a. Have five (5) years of firefighting experience.
 - b. Be Firefighter II certified

- d. Served in the capacity of a Captain
- e. Have a 12 hour pump operations class given by FETA or equal or be Apparatus Drive/Operator- Pumper certified by FETA or equal.
- f. Have attended a minimum of 40 hours of command related classes.
- g. Be Emergency Medical Responder (EMR) certified or higher by the Bureau of EMS.
- h. No felony convictions and a valid driver's license

Sec. 16-16 (b)-Accountability to council and fire chief.

The chief of the fire department shall be held accountable to the mayor and city council and shall make written and verbal reports thereto as the mayor and city council may require. All other department and company officers shall be accountable to the chief.

- a) Dismissal- The city council, upon recommendation of the mayor of the city, and upon showing of good cause, may, by simple majority vote, dismiss the fire chief, and upon said dismissal, the assistant fire chief of the city fire department shall serve in the capacity of fire chief until such time as the mayor is able to appoint a new fire chief, subject to the approval of the city council, to fill the unexpired term, and subject to the provisions of this chapter.

Sec. 16-16 (c) - Officers.

All fire department and company officers shall be appointed by the chief of the fire department. These officers shall be accountable to the chief, and subject to removal by the chief.

Sec. 16-16 (d). - Duties of chief.

The duties of the chief of the fire department shall be as follows:

- a) The fire chief will use the policy and procedure manual-approved by the Mayor to govern the department, and shall be responsible to the mayor and city council for the personnel, morale and general efficiency of the department.
- b) The chief shall determine the number and kind of companies of which the department is to be composed of and shall determine the response of these companies to alarms.
- c) The chief shall at least once a month conduct suitable drills or instruction in the operation and handling of equipment, first aid and rescue work, salvage, a study of buildings in the city, fire prevention, water supplies, and all other matters generally considered essential to good firefighting practices and safety of life and property from fire.
- d) The chief is hereby required to assist the proper authorities in suppressing the crime of arson by investigating or causing the cause, origin and circumstances of all fires to be investigated.
- e) The chief is hereby empowered to enter any and all buildings and premises at any reasonable hour for the purpose of making inspections and to serving written notice upon the owner or occupant to abate within a specified time any fire hazards that may be found. Any person served with a notice to abate any fire hazard shall comply therewith and promptly notify the chief.
- f) The chief shall see that complete records are kept of all fires, inspections, apparatus and minor equipment, personnel and other information about the work of the department.
- g) The chief shall report monthly to the mayor and the city council the condition of the apparatus and equipment; the number of fires during the month, their location and cause, and the date of such fires and loss occasioned thereby; the number

and purpose of all other runs made; the number of members responding to each fire or other run; and any changes in membership.

- h) The chief shall make a complete annual report to the mayor and city council within one month after the close of the fiscal year, the report to include the information specified in subsection (16)(d) of this section together with comparative data for previous years and recommendations for improving the effectiveness of the department.

Sec. 16-17 (a). – Building Maintenance and Equipment.

- a) The fire department shall be equipped with apparatus and other equipment as may be required from time to time to maintain its efficiency and properly protect life and property from fire.
- b) Recommendations of apparatus and equipment needed shall be made by the chief, and after approval by the mayor and city council shall be purchased in a manner as may be designated by the mayor and city council.
- c) All equipment of the fire department shall be safely and conveniently housed in places as may be designated by the mayor and city council. These places shall be heated during the winter season.
- d) All fire stations shall be maintained in a clean, safe, presentable, and orderly condition. The buildings, grounds, fixtures, systems, and other components of each fire station shall be subject to routine inspection and maintenance to ensure that they remain in good working condition and are properly maintained.

Sec. 16-17 (b). - Alarm facilities.

Suitable arrangement or equipment shall be provided for citizens to turn in an alarm and for notifying all members of the fire department so that they may promptly respond.

Sec. 16-17 (c). - Use of equipment for private purposes.

No person shall use any fire apparatus or equipment for any private purpose, nor shall any person willfully and without property authority take away or conceal any article used in any way by the fire department.

Sec 16-17 (d). - Handling equipment or entering place where equipment is housed.

No person shall enter any place where fire apparatus is housed or handle any apparatus or equipment belonging to the fire department unless accompanied by or having the special permission of any officer or authorized member of the department.

Sec. 16-17 (e). - Cooperative agreements with other communities.

The chief of the fire department is hereby authorized, with the consent and approval of the mayor and city council, to enter into agreements or contracts with nearby incorporated communities or governing bodies of other organizations to provide the members of such communities or organizations with fire protection or to establish a mutual aid system.

Sec. 16-17 (f). - Response to calls outside city.

No city owned fire department apparatus shall be hired out or permitted to leave the city, except in response to a call for aid at a fire in a neighboring community, without the consent of the mayor and city council. The officer in charge of the department shall have the power to assign equipment for response to calls for outside aid in accordance with this chapter in other cases only when the absence of such equipment will not jeopardize the protection of the city.

Sec. 16-17 (g)- Backflow Protection

- a) Backflow preventers shall be installed as per the Louisiana State Plumbing and Sanitary Code 2000 Edition, and the Lafayette Fire Prevention Bureau.
- b) Preventer appliances shall be located aboveground All backflow.
- c) When the backflow preventer appliance is installed outside the building the follow is required:
- d) Provide a hot box; this box shall be designed so temperatures no less than 40 degrees will be maintained.
- e) Valves shall be provided with tamper switches that are hardwired and interconnected to the Fire Alarm panel or Communicator.
- f) Hot Boxes shall be labeled and be provided with the following or Similar:
"FIRE DEPARTMENT USE, SPRINKLER CONTROL VALVES"
- g) When the backflow preventer appliance is installed inside the building, one of the following is required:
- h) Post Indicating Valve (P.I.V.) with a tamper switch installed and connected to the Fire Alarm or Communicator. This valve shall be at least 40 feet from the building.
- i) Wall Post Indicating Valve (W.P.I.V.) with a tamper switch installed and connected to the Fire Alarm panel or Communicator. This valve shall be on a wall that has no opening other than the door opening to access the riser room.
- j) Note: Both valves shall be in addition to having tamper switches, be provided with chain and pad locks.
- k) When the distance of 40 feet from the building cannot be achieved, than a decision will be made on a case by case basis.
- l) Remaining installation shall be as per NFPA 13, and 24.
- m) There shall be thirty-six inches (36") of unobstructed clearance around the perimeter of all post indicator valves.
- n) Backflow preventers shall be placed at a maximum of ten feet (10') from the City of Scott System Water Main.

Sec. 16-18 – Portable fire extinguishers required.

Portable fire extinguishers rated for classes A, B and C fires shall be kept in service buildings and other locations conveniently and readily accessible for use by all occupants and shall be maintained in good operating condition. Extinguishers shall have not less than a Z-A rating.

Sec. 16-19- Enforcement duties; assistance by police officers.

- a) All regularly appointed members of the fire department are hereby given the necessary special police powers for the purpose of enforcing the provisions of this chapter.
- b) It is hereby made the special duty of the chief of police and/or other peace officers who may be on duty and available for fire duty to respond to all fire alarms and assist the department in the protection of life and property, in regulating traffic, in maintaining order and in enforcing observance of all sections of this chapter.

ARTICLE II. FIRE PREVENTION BUREAU

Sec. 16-21. Adoption of codes and statutes.

There is hereby adopted by the city, for the purpose of prescribing regulations governing conditions hazardous to life and property from fire or explosion, and from conditions hazardous to life or property in the occupancy of buildings and premises, the 2021 edition of the International Fire Code, and including any amendments thereto, and the National Fire Prevention Code, NFPA 1, 2021 edition, and including any amendments thereto; and the Louisiana State Fire Marshal Act, R.S. 40:1563 et seq., and including

Title 55 of the Louisiana Administrative Code, "Public Safety," Part V, "Fire Protection"; copies of which codes and statutes are on file in the office of the clerk of the city; and the same are hereby adopted and incorporated as fully as if set out at length herein.

The 2009 International Fire Code may be amended from time to time by ordinance.

Sec. 16-22. Enforcement of codes.

- a) The codes shall be enforced by the bureau of fire prevention which is hereby established and which shall be operated under the supervision of the fire chief, or his designee.
- b) The fire prevention bureau shall at all times meet the requirements of state law regarding fire prevention bureaus which are established by local governing authorities, including, but not limited to, R.S. 40:1563(C)(2).
- c) In case any structure is erected or structurally altered or maintained, or any structure or land is used or altered or is not maintained, in violation of any of the provisions of the codes hereby adopted, or of the orders or directions made pursuant thereto, the city may institute any appropriate action or proceedings, including, but not limited to, appropriate legal proceedings at law or in equity to restrain, correct or abate such violations, to prevent such unlawful construction or alteration or use or other violations, to restrain, to correct or to prevent any illegal act, or to require removal or termination of the unlawful occupancy of the structure.
- d) Records of all systems inspections, tests and maintenance required by the applicable standards and/or codes shall be maintained on the premises for a minimum of three years and shall be submitted to the bureau of fire prevention in the manner prescribed by the fire prevention bureau chief, fire chief or his/hers designees. Any and all costs/fees associated with compliance of this section shall be the sole responsibility of the owner, leasee and/or occupant of the premises.
- e) Any person violating any provisions of the section shall be subjected to the penalties as provided in section 16-26.
- f) The fire prevention bureau chief, fire chief or their designees are hereby authorized and directed to take any and all action as is necessary to effectuate and enforce the terms of this section.

Sec. 16-23- Definitions of terms used in adopted code.

Wherever the word "municipality" is used in the code adopted in section 26-17, it shall be held to mean the city.

Sec. 16-24- Modification of standards.

The mayor and city council shall have power to modify any of the provisions of the code adopted by this article upon application in writing by the owner or lessee, or his duly authorized agent, when there are practical difficulties in the way of carrying out the strict letter of the Code, provided that the spirit of the code shall be observed, public safety secured, and substantial justice done. The particulars of any modification when granted or allowed, and the decision of the mayor and city council thereon, shall be furnished the applicant.

Sec. 16-25 Powers of mayor and council.

The code adopted by this article is amended and changed in the respect that all powers delegated to the fire chief by the Code shall be reserved to the mayor and city council throughout its context.

Sec. 16-26 Penalty.

- a) Any person who shall violate any of the provisions of the Code adopted by this article or fail to comply therewith, or who shall violate or fail to comply with any order made thereunder or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder and from which no appeal has been taken, or who shall fail to comply with such an order as affirmed or modified by the mayor and city council or by a court of competent jurisdiction, within the time fixed therein, shall severally, for each violation and noncompliance, upon conviction, be punished as provided in section 1-12. The imposition of a penalty for any violation shall not excuse the violation or permit it to continue. All such persons shall be required to correct or remedy such violations or defects within a reasonable time. When not otherwise specified, each ten days that prohibited conditions are maintained shall constitute a separate offense.
- b) Failure to comply with any one or more of the provisions of this article shall result in the termination/discontinuance of all City of Scott Utility Services to and for the property at which such noncompliance is found to exist. Such termination/discontinuance of utility services shall continue until such time as all such violations have been corrected to the satisfaction of the city administration.
- c) The application of the penalty in subsections (a) and (b) of this section shall not be held to prevent the enforced removal of prohibited conditions.

ARTICLE III. BURN CONTROL CODE

Sec. 16-28. Penalty.

Failure to comply with any one or more of the provisions of this article shall subject the violator to a fine of \$100.00 for the first offense, \$200.00 for the second offense, \$300.00 for the third offense and \$500.00 for any such offense subsequent thereto.

Sec. 16-29. Outdoor burning restricted.

No person shall cause or allow the outdoor burning of waste material or other combustible material on any property owned by him or under his control except as provided in this article.

Sec. 16-30. Exceptions.

Outdoor burning of combustible material may be conducted in situations enumerated in this section if no public nuisance is created, and if all of the following conditions are adhered to. Heavy oils, asphaltic materials, items containing natural or synthetic rubber, or any materials other than plant growth which produce unreasonable amounts of smoke may not be burned, nor may these substances be used to start a fire. This does not exempt or excuse the person responsible for damages from the burning.

- a) Outdoor burning in connection with the preparation of food.
- b) Campfires and fires used solely for recreational purposes or for ceremonial occasions.
- c) The following exceptions may be conducted only where the city fire chief ("chief") has been provided notice of said burn at least 24 hours in advance of same, the chief has granted, in writing, permission for such burn, and the specific recommendations of the chief are followed to conduct the burn at issue.
 - 1. Fires purposely set to forest lands for a specific forest management purpose in accordance with practices acceptable to the state forestry commission.
 - 2. Fires purposely set on agricultural lands for a specific management purpose in accordance with practices acceptable to the state department of agriculture.

3. Outdoor burning in a rural park or rural recreation area of trees, brush, grass, and other vegetable matter for game management purposes in accordance with practices acceptable to state parks and recreation commission and state wildlife and fisheries commission.
4. The operation of contrivances using open flames such as welding torches, blow torches, portable heaters, and other flame-making devices.

Sec. 16-31. Burning of trees, brush and other vegetable matter.

Outdoor burning, in other than rural park or rural recreation areas, of trees, brush, grass, and other vegetable matter from such areas in land clearing and right-of-way maintenance operations shall not be permitted.

Sec. 16-32. Fires for training firefighters or testing equipment.

Fire purposely set as a part of an organized program of drills for the training of firefighting personnel or for testing firefighting materials or equipment shall be permitted if the following conditions are met:

1. The duration of the burning is held to the minimum required for such purposes.
2. The burning is conducted only between the hours of 8:00 a.m. and 5:00 p.m.
3. The burning is controlled so that a traffic hazard is not created.

Sec. 16-33. Burning of waste hydrocarbon products.

Outdoor burning of waste hydrocarbon products may be conducted at the site of origin when it is not practicable to transport the waste products for sale or reclamation, or to dispose of them lawfully in some other manner. This burning shall be conducted under the following conditions:

1. The location of the burning must not be within or adjacent to a city or town in such proximity thereto that the ambient air of the city or town may be affected by smoke from the burning.
2. The burning must be conducted only between the hours of 8:00 a.m. and 5:00 p.m.
3. The burning must be controlled so that a traffic hazard is not created.

This ordinance shall not affect or repeal any other section of this Chapter.

This ordinance shall become effective immediately upon its adoption. Any provisions of the code of ordinances which are in conflict herewith are hereby repealed.

This ordinance having been submitted to a vote in regular session assembled of the Mayor and City Council of the City of Scott, the vote thereon being as follows:

CERTIFICATE

I, Shelley Gautreau, City Clerk, do hereby certify that the above and foregoing is a true and correct copy of the resolution passed at the regular meeting of the City Council for the City of Scott duly called and held at its legal domicile in the City of Scott, Parish of Lafayette, on the ____ day of _____, 2026, as recorded in the minutes thereof.

Shelley Gautreau, City Clerk

STATE OF LOUISIANA

PARISH OF LAFAYETTE

**DRAINAGE SERVITUDE, RIGHT OF DRAINAGE, AND ACCESS EASEMENT
AGREEMENT**

BE IT KNOWN, that on the days and dates hereinafter set forth, before the undersigned Notary Public in and for the above referenced parish, duly commissioned and qualified as such, and in the presence of the undersigned competent witness personally came and appeared:

CITY OF SCOTT, LOUISIANA, represented herein by its duly authorized Mayor, _____, having a mailing address of 125 Lions Club Road, Scott, LA 70583, herein referred to as "GRANTOR", and

LAFAYETTE PARISH SCHOOL BOARD, represented herein by its duly authorized Superintendent, _____, whose mailing address is declared to be 202 Rue Iberville, Lafayette, LA 70508, herein referred to as "GRANTEE".

Who declare that Grantor is the owner of the following described property, to-wit:

That certain tract of land, together with all improvements thereon and all the rights, ways, privileges and servitudes thereto pertaining, depicted as LOT 1A containing 3.001 acres, having such measurement, dimensions and boundaries as are more fully shown on the plat of survey by Ryan Dugas, Registered Land Surveyor, dated June 4, 2026, a copy of which is attached hereto (hereinafter referred to as the "GRANTOR'S PROPERTY").

And, Grantee is the owner of the following described property, to-wit:

That certain tract of land together with all improvements thereon and all the rights, ways, privileges and servitudes thereto pertaining, being depicted as LOT 1 containing 6.967 acres, more or less, pursuant to the plat of survey by Francis Fortier, Registered Land Surveyor, dated September 15, 2017, a copy of which is attached hereto and made part hereof (hereinafter referred to as the "GRANTEE'S PROPERTY").

The parties hereto acknowledge that Grantee desired to obtain drainage servitude rights for the purpose of mitigating stormwater runoff in connection with the development of Westside Elementary School. The parties further certify that the Grantor's Property contains an existing City of Scott detention area located north of the Grantee's Property, and Grantor has agreed to grant Grantee the following drainage servitude, right of drainage, and access easement upon the following terms and conditions.

As a result of the foregoing, Grantor, for valuable consideration, the receipt and sufficiency of which being expressly acknowledged by Grantor herein, does hereby grant, transfer, convey, assign, set over and deliver unto Grantee, its successors and assigns, the following:

1. DRAINAGE SERVITUDE (60' Wide – In Perpetuity):

A **60-foot private drainage servitude in perpetuity** over the Grantor's Property, as more particularly described and depicted on the attached survey plat, for the purpose of constructing, maintaining, operating, and accessing a mitigation area. The specific location of said servitude is within the area where the bank of the existing City of Scott detention pond is to be cut back as part of the stormwater mitigation improvements for the Grantee's Property. Grantee shall be responsible for the maintenance of this 60-foot portion of the detention pond at Grantee's sole cost and expense.

2. RIGHT OF DRAINAGE (30' Wide – Outfall Pipe):

A **30-foot right of drainage** ("Right of Drainage"), being 15 feet on either side of the centerline of the outfall pipe, over and across the Grantor's Property, for the sole purpose of conveying stormwater runoff from the Grantee's Property to the existing detention facility. The outfall pipe shall discharge at a minimum required flow elevation of 25.30' (NAVD 88). The specific area of the Right of Drainage shall be agreed upon by Grantor and Grantee and is more particularly shown on the attached survey plat.

3. JOINT MAINTENANCE ACCESS EASEMENT (25' Wide):

A **25-foot joint maintenance access easement** over the Grantee's Property, running parallel to and along the northern boundary of the Grantee's Property (as adjusted by the relocation of the existing fence 25 feet southward from its current position), for the purpose of ingress and egress to the drainage servitude area described herein. Said easement shall be available for use by both Grantor and Grantee and their respective successors and assigns. Grantee shall relocate the existing fence 25 feet south of its current position at Grantee's sole cost and expense.

The Drainage Servitude granted herein shall be permanent and shall run with the land in perpetuity. The Right of Drainage and the Joint Maintenance Access Easement created herein shall likewise be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns of the parties hereto.

Grantee does hereby accept the above-described Servitude, Right of Drainage, and Access Easement on the terms and conditions herein provided. Grantor and Grantee acknowledge that the existence of these rights shall not deprive Grantor of the use of the surface of the property not encompassed by the servitude and easement areas, provided that such use shall not interfere with Grantee's use and enjoyment thereof.

Grantee acknowledges that Grantor has the right and option to require Grantee to maintain the portion of the Grantor's Property encompassed by the Drainage Servitude at Grantee's sole cost and expense.

This Agreement shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the parties hereto.

TENDER AND RELEASE AGREEMENT

This Tender and Release Agreement (the "Agreement") is made and entered into by and between The Gray Casualty & Surety Company ("Surety"), the City of Scott, Louisiana ("Obligee"), and Mitchell Contracting, Inc. ("Completion Contractor"). Surety, Obligee, and Completion Contractor are each a "Party" and collectively referred to herein as the "Parties."

RECITALS

WHEREAS, on or about February 10, 2025, CO-D Construction of Louisiana, LLC ("CO-D") entered into a contract (the "Contract") for the Lions Club Sewage Pump Station Project ("Project") for the amount of \$2,258,850.00;

WHEREAS, in connection with the Contract, Surety executed Performance and Payment Bond No. GS56900406 (collectively the "Bond"), in the penal sum of \$2,258,850.00, naming CO-D as the principal and Obligee as the obligee;

WHEREAS, on or about November 7, 2025, Obligee sent a letter to CO-D formally declaring CO-D in default;

WHEREAS, on or about November 13, 2025, CO-D also sent an Irrevocable Letter of Direction with an Irrevocable Directive of Draw Proceeds to Obligee, instructing Obligee to direct any and all payments under the Contract for the Project to Surety;

WHEREAS, on or about November 13, 2025, CO-D executed a Voluntary Letter of Default to Obligee as a result of CO-D's financial inability to perform or complete the performance of the work and its contractual obligations on the Project thereby irrevocably and voluntarily abandoning and terminating the Contract for the Project;

WHEREAS, on or about January 14, 2025, CO-D executed a Voluntary Letter of Default to Obligee as a result of CO-D's financial inability to perform or complete the performance of the work and its contractual obligations on the Project;

WHEREAS, on or about January 14, 2026, in furtherance of resolving CO-D's default and having CO-D complete the Project subject to the terms of the Contract, CO-D, Surety, and Obligee entered into the agreement attached as Exhibit A;

WHEREAS, on or about June 29, 2026, CO-D advised that it did not have the manpower necessary to perform the work for the Project;

WHEREAS, on or June 30, 2026, CO-D's Voluntary Letter of Default was transmitted to Obligee whereby Co-D irrevocably and voluntarily abandoned the Project and terminated the Contract;

WHEREAS, the Obligee demanded that Surety complete the Project pursuant to the terms of the Bond and Contract;

WHEREAS, Surety tenders Mitchell Contracting, Inc. ("Completion Contractor") to fulfill its obligations under the Bond and for the completion of the work for the Project in the amount of \$2,663,795.89 in accordance with this Agreement.

WHEREAS, Completion Contractor agrees to complete the remaining work at the Project for the contract price of \$2,663,795.89. The term "Completion Contract" as used in this Agreement is a separate construction contract between Obligor and Completion Contractor for the completion of the construction of the Project.

WHEREAS, pursuant to the Completion Contract, the Completion Contractor has agreed to: (1) satisfy all of the remaining obligations of the Original Contract in completion of the Project; and (2) furnish to Obligor performance and payment bonds to Guarantee Completion Contractor's performance of the Completion Agreement.

WHEREAS, it is expressly acknowledged and agreed that no Contract Funds of any nature are due or to become due to CO-D by virtue of the termination, as those Contract Funds shall be disbursed in accordance with this Agreement. The summary of Contract Funds as of the date of this Agreement is as follows:

Original Contract Price		\$2,258,850.00	
Change Orders		\$0.00	
Total Adjusted Original Contract Price		\$2,258,850.00	
Total Complete and Stored Through Pay App No. 1		\$108,750.00	
Earned Retainage	\$5,437.50		
Amount Paid to CO-D	\$103,312.50		
Total Available Contract Balance (including retainage)		\$2,155,537.50	
Completion Contractor Price		\$2,663,795.89	

Contract (Shortfall) or Remaining Balance		\$508,258.39	
---	--	--------------	--

NOW, THEREFORE, to fulfill its Bond obligations, Surety tenders the Completion Contractor to Obligee and arranges for Obligee to enter into the Completion Contract (as defined above) with Completion Contractor pursuant to the terms in this Agreement outlined below.

COVENANTS

In consideration of the terms and conditions in this Agreement, the Parties agree as follows:

1. The above Recitals are contractual and incorporated into these Covenants.
2. Completion Contractor examined the Original Contract and certifies that it is familiar with all of the terms and conditions of the Original Contract. Completion Contractor diligently investigated and inspected the Project jobsite and is familiar with the jobsite conditions including: the materials available but not yet incorporated into the Project, the nature and status of work previously performed by CO-D and the work remaining to be performed on the Original Contract. Completion Contractor hereby confirms that it has investigated and is informed as to the status and conditions affecting the work to be done and that no representations with respect to same have been made by Surety, Obligee, or any of their representatives. Surety has made no warranties or representations, express or implied, to Completion Contractor with respect to the Original Contract or the Project. Completion Contractor considered all of the Original Contract documents and jobsite conditions and observations in reaching its Completion Contractor Price of \$2,663,795.89. This Agreement shall not be effective unless and until Completion Contractor shall execute in writing sufficient documentation to bind itself to Obligee for completion of the work under the Original Contract for the Project (the "Completion Contract"), issue new performance and payment bonds in the amount equal to 100% of the value of the completion work and provide certificates of Insurance as required in the Original Contract.
3. Surety shall pay the Contract Shortfall in the amount of \$508,258.39 to Obligee within 20 business days of the execution of this Agreement. The Contract Balance in the amount of \$2,155,537.50 shall be paid directly to Completion Contractor by Obligee for performance of the work under the Completion Contract.
4. Completion Contractor and Obligee agree, verify, accept and certify that the materials, supplies and equipment listed in the invoices attached as Exhibit B are acceptable; meet the Project specifications; are in good condition; and that there are no issues that would preclude payment to Donnie DeRouen Electrical Service, Inc. (the "Electrician") for providing the materials, supplies and equipment listed in the invoices attached as Exhibit B. As such, within 20 business days of execution of this Agreement, Surety shall pay the Electrician \$235,368.40 the materials, supplies and equipment listed in the invoices attached as Exhibit B.
5. Payment of the Contract Shortfall and Payment to the Electrician is a credit against the penal sum limit of the Bond in the amount of \$743,626.79, leaving a remaining Bond penal sum limit of \$1,515,223.21. Under no circumstances shall the Surety's liability exceed the foregoing amount.

6. Mitchell Contracting, Inc. is tendered by Surety to Obligor as Completion Contractor under this Agreement. Completion Contractor agrees to enter into the Completion Contract with Obligor to fully perform the Original Contract in accordance with all Completion Contract requirements. Obligor recognizes the Completion Contractor as CO-D's successor in interest to the Original Contract.

7. Completion Contractor shall furnish to Obligor Performance and Payment Bonds in the amount of \$2,663,795.89 issued by a commercial surety. The Completion Contractor shall furnish those bonds on forms designated by Obligor within 21 calendar days of executing this Agreement. The Completion Contractor shall perform all work described in the Completion Contract. The Completion Contractor warrants all work performed under the Completion Contract according to the warranty terms of the Original Contract.

8. Completion Contractor's scope of work includes Punchlist items, any necessary replacement of CO-D's work, patent defects, and latent defects. Completion Contractor must give notice to Surety upon discovery of any alleged latent defects in the work of CO-D immediately upon discovery and PRIOR TO performing any work. If the Parties agree that the item is a latent defect caused by CO-D, then Surety will review the cost presented by the Completion Contractor and pay the agreed upon cost to remedy the latent defect, and the amount will be subtracted from the remaining penal sum limit of the Surety's Bond. If the parties do not agree that the latent defect was caused by CO-D, then Obligor will pay for the work and reserve all rights against CO-D and Surety.

9. Obligor may direct Completion Contractor to perform extra, additional or changed work or to delete work ("change order") pursuant to the terms of the Original Contract. In no event shall any change order issued by Obligor to the Completion Contractor effect or alter the penal sum limit of the Surety's Bond and in no event shall Surety be liable for the costs of any such change order work.

10. Upon receipt of the Contract Shortfall payment in the amount of \$508,258.39, Obligor expressly RELEASES, ACQUITS AND FOREVER DISCHARGES Surety from any and all claims, rights, demands or causes of action of whatever kind or nature whether in law or equity or otherwise which Obligor has or may ever have against Surety under or by reason of Surety's Bond with the exception that Surety's Bond will remain in place for (a) latent defective work performed by CO-D at the Project prior to the execution of this Agreement in accordance with Article 7 of this Agreement; and (b) payment claims covered by the Bond that may be asserted by subcontractors or suppliers of CO-D for the Project for work performed prior to the date of this Agreement. Surety retains all obligations, rights and defenses pursuant to the Bond. Surety's Bond shall not apply to or cover Completion Contractor or any of its subcontractors and suppliers for any work performed and/or materials delivered and Surety shall not be a co-surety with Completion Contractor's surety. All payments made by Surety relating to claims on its Bond shall be credited against and applied to reduce the penal sum limit of the Bond. Surety shall not, under any circumstances, be obligated to expend more than the penal sum limit of its Bond.

11. The Completion Contractor agrees to make demand and look solely and exclusively to Obligor in the event of any breach or default by Obligor of this Agreement.

12. Except as expressly provided in this Agreement, nothing in it shall be construed as a waiver of any rights of Obligees or Surety against CO-D.

13. It is understood and agreed that this Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Louisiana.

14. In the case of conflict between the terms of this Agreement, the Bond, the Completion Contract and the Original Contract and with respect to the rights and obligations of the Surety, this Agreement has priority and shall control.

15. This Agreement may be independently executed in any number of counterparts each of which when executed and delivered, shall constitute an agreement which shall be binding upon all Parties notwithstanding that the signatures of all Parties and/or their designated representatives do not appear on the same page. Electronic signatures shall have the same effect as original signatures.

16. This Agreement has been drafted equally by all parties and shall not be subject to the rule of construction that a written agreement is construed against the party preparing or drafting the agreement.

17. This Agreement shall extend to and be binding on the Parties, their respective successors, heirs and assigns.

18. This Agreement is fully integrated, and its incorporated documents constitute the complete agreement between the Parties. No prior statements, oral or written, course of dealing or trade usage shall supplement or alter the terms of this Agreement. All discussions and prior agreements are merged herein. This Agreement replaces and supersedes any statements or representations the Surety, its consultants, agents, and/or attorneys have made to the Completion Contractor or Obligees.

19. Surety's actions under this Agreement and its Bond shall forever be construed and considered as those of a surety and not a contractor.

20. This Agreement is strictly for the benefit of the Parties to this Agreement, and they expressly declare that they do not intend to confer any rights or benefit whatsoever on any third party.

21. Any notice, consent, approval, or other communication which is provided for or required by either the Contract or this Agreement must be in writing and may be delivered in person to any party or may be sent by a facsimile transmission, telegraph, courier, or registered or certified U.S. mail, with postage prepaid, return receipt requested. E-mail is not an acceptable communication method. Any such notice or other written communication shall be deemed received by the party to whom it is sent (i) in the case of delivery by hand or delivery by reputable national or local courier (such as United Parcel Service or Federal Express), on the date of delivery to the party to whom such notice as addressed, (ii) in the case of facsimile transmission or telegram, one working day after the date of successful transmission (provided that an additional copy of such notice is subsequently received within three (3) days of the facsimile transmission using the methods in (i) or (iii)), and (iii) in the case of registered or certified mail, the date receipt is acknowledged on the return receipt for such notice. 22. The Parties and their signatories warrant that each has the power and authority to execute this Agreement. The Parties voluntarily executed this Agreement based on their own independent investigations. The provisions of this Agreement shall be interpreted in a manner consistent with each other to carry out the purposes and intentions of the Parties.

23. If for any reason any provision of this Agreement is held unenforceable or invalid, that provision shall be deemed severed from this Agreement and the remaining provisions shall not be affected.
